BOND SALES AT \$376,467 TODAY; DRIVE GOES ON

Adams countians purchased \$31-987.50 worth of war bonds during the last 24 hours to push the total of purchases in the present Fourth War Loan campaign to \$376,467.75 for the county.

The amount is, in proportion to the county's quota of slightly over \$2,000,000 about in line with the average of the amount purchased throughout the state so far. With more than a quarter of the campaign over, purchases in Pennsylvania have reached \$86,469,000, or 20.4 per cent of the state's quota.

Included in the sales during the last 24 hours were \$5,000 allocated to the county by the Warner Brothers, motion picture corporation, and \$50,000 allocated to Adams county by the Metropolitan Edison company.

Letter of Thanks

Edmund W. Thomas, chairman of the county War Finance committee, in a letter to Sydney Poppay, manager of the Warner Bros. theater in Gettysburg, thanked Warner Brothers and wrote in part as follows:

"Warner Brothers Pictures, Incorporated, have certainly shown a very fine spirit, not only in supporting our government and the boys at the fighting front by their liberal purchases of War Bonds, but they have also shown a very splendid spirit and a good deal of good business judgment in allocating a portion of that subscription towards the quota in the communities where they have theaters."

A similar letter of thanks was written to the Metropolitan Edison company by the county chairman.

Blue Star Brigade Busy

The drive was intensified throughout the county, with the Blue Star Brigade adding to its membership, the Honor oil growing and R. 2-c Robert Finger continuing his series of talks to various organizations.

Added to the Blue Star Brigade were Mrs. George J. Hill, for Lt. James M. Mitchell, U.S.N., a brother, and Mrs. Dorothy K. Bryson, for Lt. Fred B. Bryson, U.S.N., her husband.

To the "Honor Brigade" were added the names of Paul W. Thomas, Navy; Pfc. Robert H. Guise; S. 1/c Max Sherman; Pvt. Harry S. Oyler, in Italy; Cpl. Russell Saum, in Italy; Pvt. George Sadler, South Carolina; Harold W. Wentz, A/S, U.S.N.; Captain Wayne F. Wentz; Pfc. Harrison McCrea Dickson; A/C Harold J. Kinsey; Pvt. Richard F. Deardorff; S/3 Fred C. Black; Pvt. Dennis Reynolds, Fort Myers, Florida, and Ensign Robert W. Weaner.

Firemen Honored

Bonds were purchased by the Gettysburg fire company in honor of the following members of the company now in service, Horace Bushman, William Bushman, Edward A. Culp, Donald J. Culp, John F. Diehl, Donald Jacobs, Philip Jones, Charles W. Mayhall, Javett Plank, B. F. Strausbaugh, Kenneth Tawney and W. G. Weaver.

Sales at bond booths and in the schools were reported continuing. In addition to the totals announced Wednesday for the High street schools, two \$25 bonds were sold there during the week ending January 22.

Veteran Speaks

At the Stamp and Bond booth at the Majestic theater from January 17 to 24, a total of \$958.65 worth of bonds and stamps were sold. Among the women serving in the booth during the period were Mrs. J. I. Burgoon, Doris Ramer, Madge Myers, Marian Cluck, Mrs. C. E. Oyler, Dorothy Andrew, Mrs. George Amick, Mrs. C. E. Oyler, Mrs. W. P. Hull, Mrs. C. R. Deardorff, Anna McSherry and Mrs. G. W. Flynn.

Seaman Finger spoke at the meeting of the Soroptimist club Wednesday evening and addressed the Littlestown high school students at an assembly Wednesday afternoon.

Miss Eicholtz In Court House Again

Miss Edna Eicholtz, who for 25 years has served in various offices at the court house, today began again her duties as deputy prothonotary filling the position vacated by Mrs. Sarah Doll, who has accepted a position in Harrisburg.

Miss Eicholtz served under former Prothonotary Lee M. Hartman and left the office early this month to accept a position in the Gettysburg National bank. She was recalled to the prothonotary's office by Prothonotary Arthur H. Shields when Mrs. Doll resigned the deputy's post.

ENTERS HOSPITAL

Elwood Hartlaub, son of Mr. and Mrs. Clarence Hartlaub, Lincolnway east, was admitted to the Children's hospital, Elizabeth, Wednesday. He will observe his thirteenth birthday Friday.

College "Graduates" | Class Of 8, Friday

Gettysburg college's midyear class of graduates will stage their commencement next spring with the class graduating at that time, it was announced today.

The eight students comprising the graduating class will formally end their classes Friday and will leave within a few days thereafter to take up further educational work, join the armed forces, or seek employment. Because five of the students completed their classes in December in order to enter other schools for further training the remaining members of the class decided not to hold any formal services in connection with the graduation until next spring.

A class of approximately 25 freshmen is being enrolled at the present time. The freshmen will begin their studies February 1.

Here And There News Collected At Random

The war is going to cut a wide swath in Gettysburg's police department and according to present indications, if they hold up, fifty per cent of the department will be in the armed forces within three or four months or so. And that's because Chief of Police Glenn Guise and Officer Charles W. "Bud" Zhea, newest member of the force, both classified I-A, are anticipating an early call to the services.

Chief Guise has been in the department about seven years, starting as a special officer and rising to the top rung in a decade. He displayed more than casual interest in police work when he started work as an officer and has completed several State Police courses and local courses sponsored by the FBI. He has served as an instructor at special police schools in York and inaugurated the fingerprint system and photography feature of the Gettysburg department.

Chief Guise is married and the father of two children.

Officer Zhea has been with the department since last July, succeeding Horace "Piney" Bender when the latter accepted a position with the pipeline construction company. He is the newest member of the force. He is married and the father of one child.

Gettysburg's Civil Service Commission, appointed by the town council, comprising Dr. Walter S. Mountain, Harry J. Troxell, a member of council and N. B. Schnurman will probably have some difficulty replacing the two officers with young men, said to be favored by the commission for police duty in Gettysburg.

While members of the force come under the supervision of the Civil Service commission, it is not compulsory for the commission to invoke Civil Service laws to replace the two officers if and when they are called to service.

It is not at all improbable that the commission will guarantee the two officers their posts (Please Turn to Page 7)

"Good Neighbor" Club Entertains 60; Raises Cash For Polio Fund

Gettysburg's "youngest" club both in length of time organized and in age of members, presented its most ambitious program so far Wednesday afternoon to entertain 60 guests and raise \$8.60 for the Infantile Paralysis fund.

The "Good Neighbor Safety Club," an organization of 16 town youngsters ranging in age from five to 11, held its own March of Dimes program Wednesday at the home of the president, Miss Nancy Lighter, 10, "almost 11," Buford avenue. With some assistance from the president's mother, Mrs. Richard C. Lighter, the club presented songs, piano solos, recitations, a talk on India by Mrs. Luther Slifer, missionary to India, now on leave, and a doll show. The guests ranged in age from six months to 11 years and some of the youngsters brought their mothers as special guests.

President Nancy Lighter was master of ceremonies for the event. Mrs. Slifer showed dolls demonstrating the dress of the people of India and displayed a woman's dress from India. The dress consisted of a piece of cloth about three yards long and three feet wide which is wrapped around the body and then

ANNUAL FINANCE DRIVE BY YWCA TO OPEN FEB. 1

Working under the leadership of the finance committee, a staff of nearly 50 local women will begin next week the annual solicitation for funds to finance the work of the Young Women's Christian Association here throughout the coming year. The solicitors seek \$2,500 to meet minimum needs of the YWCA here in 1944.

Mrs. Donald P. McPherson, Jr., chairman of the finance committee, has announced that solicitors may secure their materials at the association building next Tuesday, February 1.

In addition to the canvass of the town by the corps of solicitors, Miss Margaret Myers, a member of the finance group, will be at the "Y" building daily to receive donations.

"Community Center"

"The work of the YWCA in our community during the coming year will depend largely upon the generosity with which the public responds to our appeal for funds. We believe the 'Y' organizations and the association building serve the people of Gettysburg and Adams county directly and indirectly in many ways. Scores of 'outside' organizations and committees use our building constantly so that it has come to serve many of the purposes of a 'community center,' one 'Y' official said today in connection with the coming financial drive.

Members of the sponsoring finance committee include: Mrs. McPherson, Mrs. Wilbur Plank, Miss Margaret Myers, Mrs. Guyon Buehler, Mrs. Charles Lawver, Mrs. Marie Ziegler, Mrs. Paul Thomas, Mrs. E. F. Strausbaugh, Mrs. Ray Kitzmiller, Mrs. Anna Plank, Mrs. John Kaitreider, Mrs. Charles Black, Mrs. P. K. Schwartz, Mrs. George M. Zerling, Mrs. Marshall Longanecker, Mrs. Ira Henderson and Mrs. M. S. Hershey.

Riley Brothers Meet In England

Merle V. Riley and Cpl. T. Charles C. Riley, sons of Mr. and Mrs. Simon Riley, Gettysburg R. 4, met recently in England according to a letter received from Charles.

In a letter to his parents, Corporal Riley stated he has also met Jake Sanders, Fairfield road; Kenneth Tawney, West Middle street, and his cousin, John Felix, of Greenmount. He also told of visiting places of interest in London during a pass.

Merle Riley enlisted in the local National Guard unit March 11, 1940, and his brother in the same outfit on November 6, 1940. Last April they became separated when assigned to different outfits.

Bendersville Scrap Collection Friday

The Bendersville fire company will collect newspapers, magazines, tin cans, grease, rubber and iron Friday evening beginning at 6 o'clock it was announced today by W. D. Taylor, chairman of the Bendersville scrap committee.

It is requested that newspapers be tied in bundles and placed on the curb together with other scrap. All Bendersville firemen are asked to help in the collection.

CHURCH WOMEN ORGANIZE FIRST LOCAL COUNCIL

Organization of a Council of Church Women of Gettysburg was effected Wednesday at a meeting at the YWCA of representatives of five Protestant churches of the town.

Mrs. W. C. Waltemyer was named as temporary president of the town-wide organization to serve until the spring meeting of the new unit made up of the various women's groups of the local churches. Other temporary officers named to serve until the spring meeting include: Mrs. Howard S. Fox, vice president; Mrs. C. C. Culp, recording secretary; Mrs. Ralph R. Gresh, corresponding secretary, and Mrs. Lila Craig, treasurer.

A constitution and by-laws prepared by a committee of ministers' wives headed by Mrs. Gresh was adopted for the new council. Mrs. Fox called the meeting to order and led devotions. She was named as temporary chairman for the meeting with Mrs. Craig as secretary.

Plan First Activity

The purpose of the council was announced as being "to unite church women in their allegiance to our Lord Jesus Christ for the total life and work of the church and the building of a Christian World Community." The organization was effected under the guidance of Pennsylvania Council of Churches. The local council was organized after a study by the ministers' wives committee disclosed a need for such an organization in the town "to correlate work of various women's organizations for community efforts."

Churches represented at the initial meeting included Christ Lutheran, Trinity Evangelical Reformed, St. James Lutheran, the Methodist and the Church of the Brethren.

The first union effort to be sponsored by the women's council will be the World Day of Prayer services February 25 at the United Brethren church. The newly-named officers of the council will meet with representatives of the United Brethren church at the YWCA Monday afternoon at 2:30 o'clock to make plans for the union service.

TRUCKS FIGURE IN TWO CRASHES

Two accidents occurred in the eastern part of Adams county during the last 24 hours with trucks involved in both collisions.

H. H. McClellan, Orrtanna R. 2, suffered lacerations of the right eye when the truck in which he was riding collided with two parked cars in New Oxford at 9 o'clock Wednesday evening.

No one was injured when a car driven by W. A. Hausenfluck, Hanover, crashed into the side of a truck-trailer at 1:30 o'clock this morning one and a half miles south of Cross Keys on the Hanover road.

McClellan was treated by Dr. Wilbur Miller, New Oxford. The accident occurred in front of the doctor's office. McClellan was riding in a truck driven by Raymond Wetzel, 39, Orrtanna R. 1, when Wetzel struck the rear of a car owned by Delores M. Group, Biglerville, parked in front of Dr. Miller's office. The truck continued on and struck a car owned by Mrs. Frances B. Miller, New Oxford, parked ahead of the Group car. Total damage was estimated at \$300. Pvt. Anthony Martin of the local state police is continuing his investigation.

Hausenfluck apparently was driving south on the Hanover-Cross Keys road when his car swerved to the left crashing into the middle of a truck trailer driven by William Levi Rhoades, Grantville R. 1, causing a total of \$115 damage. Private J. A. Treas, of the local sub-station, who investigated, said, "The patrolman is continuing his investigation. Rhoades was driving north on the highway at the time of the accident. No one was injured."

HELD FOR COURT

Mrs. Florence Stambaugh, New Oxford R. D., and Marie Coll, also of New Oxford R. D., were held for court on a serious charge following a hearing Wednesday evening before Justice of the Peace John A. Basehore. A similar charge against Richard Gladfelter, Hanover, was dismissed.

Allies Throw Back Nazi Counterattack In Italy; Pound Jap Supply Lines

By EDWARD KENNEDY

Allied Headquarters, Algiers, Jan. 27 (AP)—The first German counterattack against the Americans and British just south of Rome, the first of the many that probably will be launched in a furious effort to wipe out the Allied beachhead, has been thrown back with the crushing of German armor, Allied headquarters announced today.

Men and supplies continued to pile into the strategic wedge threatening the Italian capital.

Gen. Sir Harold Alexander's central Mediterranean headquarters announced that elements of the Hermann Goering armored division had been met southwest of Littoria, the chief town of Mussolini's famous Pontine Marsh agricultural development, in a "fierce local engagement."

Yanks Push On

The Germans left 120 dead on the field as they were tossed back. The Hermann Goering division, formerly an armored grenadier outfit, has been strengthened by new equipment to a fully armored unit. It was last encountered on the main Fifth Army front. Its appearance on the beachhead front indicated it had been shifted to counter the threat to the German rear.

Meanwhile, other Americans of the Fifth Army, 48 miles east of Littoria, continuing to uproot Germans, mines and meshed defenses, struggled slowly forward across flooded streams and over steep crags just north of Cassino where field dispatches said they were within half a mile of the Liri valley gateway and were overlooking the bomb-jumbled ruins of the ancient monastery town. Patrols had penetrated the outskirts of the stronghold.

French Attack

Some four miles farther north the French rushed down from their mountain positions on Mt. El Lago in the Sant' Elia area, across the Seco river and the Cassino-Atina road and attacked the Germans on the slopes of Mt. Belvedere.

Cassino itself appeared to have been largely abandoned by the Germans, but their positions on the rugged mass of Mt. Cairo and other hills nearby enabled them to rake the streets and ruined houses with their artillery.

Control Coast Roads

Allied naval units continued to exert a powerful control over the coastal roads by which Germans could shift their fighting front from the Cassino area to the northern beachhead, and again ploughed up sections near Formia Tuesday night by their plunging shells. This sea attack on enemy road traffic is continuing by day and night.

Allied air forces, despite deteriorating weather, put new rents in other sections of the German communication network in the angle between the two Allied fronts, hammering especially at Cisterna, Ceccano and Itri.

The fact that Cisterna was being attacked by Allied bombs was evidence that the pivot point on the Apennine way and the main railway, 24 miles southeast of Rome and 12 miles inland from the Nettuno beach, was still in German hands. The presence of German guns there also indicated it was one of the strong points for defense of the Rome area.

Circling Cassino

Littoria is 13 miles due east of Nettuno and four and a half miles from the coast. It is four miles from the Apennine way.

The clash with German armor southwest of there may have indicated that the British or Americans had pushed forward across the Mussolini canal along which sharp clashes previously occurred with German patrols.

The Americans on the old Fifth army front were making steady if painful progress in an encircling maneuver against Cassino despite a hail of fire from every type of German weapon and impediment that could be devised by the enemy.

Successful Bidder For County Order

The bid for 11 tons of fertilizer was granted to E. Charles Mathias, Littlestown, by the Adams county commissioners at their weekly meeting Wednesday. The fertilizer will be used at the county home. The bid was for \$323.25 and was the lowest of eight bids. Four of the bids were within \$3 of the low offer.

The commissioners decided to continue the present book system for assessments in the county, making changes in the books to conform to the new assessment law. The commissioners had discussed using a card index form for the assessments.

SAYS PUBLIC MUST HELP TO "HOLD THE LINE"

Washington, Jan. 27 (AP)—Price Administrator Chester Bowles told a Senate Labor subcommittee today further increases in living costs are inevitable unless he gets "the vigorous support of Congress and the general public."

Asserting that "efforts to hold the line against any further rise in the prices of food have been hampered by the continuing uncertainty on the use of subsidy payments," Bowles stated:

"For every single pound of pressure which we have received toward more effective price control in the interest of the great masses of our people, we have received 100 pounds of pressure designed in one way or another to raise present prices to higher levels."

"Not a Decent Wage"
Bowles, testifying before the Pepper committee inquiring into the economic status of white collar workers, termed the inquiry "unprecedented" because he said, he was accustomed "only to pressure from one direction."

Chairman William Davis of the War Labor board later told the committee that the WLB's policy allows any employer to raise salaries to a minimum of 40 cents an hour without approval and to a minimum of 50 cents an hour with the approval of regional WLB boards.

He agreed with a statement by Senator Pepper (D-Fla.) that 40 or 50 cents an hour "is not adequate as a decent standard of wage," but said WLB had to consider "competitive conditions and the danger of creating unemployment."

Plight of White Collar Men
"With the approval of the board, employers can raise salaries above 50 cents," Davis said. "We have approved as high as 80 cents for some of the fixed salary groups."

However, he said the board had to consider prevailing wage scales in allowing individual employers to increase pay in order to prevent upsetting the labor market and throwing out of business those employers unable to match the higher scales.

Committee Chairman Pepper said prior to today's session that he hoped testimony by Davis and Bowles might point the way toward a relaxation of federal wage controls as they affect "white collar" workers and others who have missed the war boom in wages.

Urges Newspapers Observe Censorship

Washington, Jan. 27 (AP)—The advisory board to the Press division of the Censorship office has advised the nation's editors that, "with the military situation in Europe approaching the critical stage," that the closest possible watch must be kept over disclosure of even the slightest of military secrets.

The situation is at a stage, said the board, "where even an inadvertent slip, careless speculation, or ill-advised comment might cost the lives of thousands of our fighting men."

"It becomes imperative," the board's statement continued, "to give not casual but most earnest and ever-present consideration to the censorship code to which newspapers have subscribed. . . .

"In short, now is the time for all of us to show that we will keep the faith."

New York Bound Trains Delayed

New York, Jan. 27 (AP) — New York bound trains of both the Central Railroad of New Jersey and the Pennsylvania Railroad were delayed 10 to 45 minutes today when a train struck a stalled automobile on a crossing near Middletown, N. J., at 7 a. m.

Officials of the New Jersey railroad said the automobile had been stalled on the Bayonne avenue crossing between Middletown and Red Bank in a fog. The driver, whose name was not learned, escaped before it was struck by the train. Only minor damage to the train engine was reported.

Four Central of New Jersey commuter trains and a like number of Pennsylvania trains using the same tracks were held back. The train involved in the accident, the 6:10 a. m. from Bay Head Junction, arrived at New York 42 minutes late. The Pennsylvania commuters' train from Little Silver was 40 minutes late in arriving at Pennsylvania station.

POSITIONS OPEN

Civil service positions paying from \$1,560 to \$5,600 a year are now open Arthur W. Warman, secretary of the Civil Service for Gettysburg, announced today. Positions are open for junior typists, junior stenographer, manpower utilization consultant and training specialist. Applications and further information is available from Mr. Warman at the post office.

CORRECTION

SLAYER'S WIFE GIVES POLICE CONFESSION

New Haven, Conn., Jan. 27 (AP)—The wife of Walter W. Law, confessed slayer of Rose Brancato, woman's page editor, told the New Haven Register today in a signed statement that her husband had blurted out to her that he had committed the crime and had urged her to "come on. I want you to see the body."

State's Attorney Abraham S. Ullman said Mrs. Law had given him the same information.

Mrs. Law, whose 39 year old husband and father of three children has signed a confession that he strangled the comely Miss Brancato, New Haven Journal-Courier editor, on July 5 last year and then fed her fully-clothed body into the furnace of a central building of which he was superintendent, stated:

"Something Awful"
"I knew about it. I never saw the body. The night it happened he was drinking. He didn't know what he was doing. He banged me a couple of times when he was drunk. The next day he felt sorry. He was always a drinker. "That night (July 5) he called me and said he had done something awful."

"I went downstairs on the elevator and walked over to the desk. First I saw the pocketbook and I said: 'Oh! the girl!' I picked up an envelope that was addressed to her and I saw her name. I said to myself: 'I have to get out of here quick.'"

She Won't Be Charged
"I said to him: 'What did you do it for?'
"He said 'Come on. I want you to see the body.'
"I turned all colors and said 'no, Walter. I want to get out of here.'
"He never told me why he had done it. He brought me up the elevator and said: 'You go straight home and don't talk to anybody.'
"Prosecution authorities said they planned no action against Mrs. Law, since, as the wife of the accused, she had been under no legal obligation to go to the police with her knowledge.

Sees Increase In Russian Population

New York, Jan. 27 (AP) — A Princeton university professor predicts that Germany's period of rapid population growth is over but that Russia's present population of approximately 170,000,000 may rise to 250,000,000 by 1970 despite heavy war losses.

Dr. Frank Notestein, director of Princeton's Office of Population Research told the Planned Parenthood Federation of America last night that the Soviet Union's increases by 1970 would exceed the total population of the United Kingdom and Ireland.

"Moreover," he said, "the Soviet Union has the resources, and is daily showing that she has developed the skills, to make her manpower effective."

John Eugene Chase, 68, died of cancer of the stomach Wednesday evening at 9:15 o'clock at his home, 515 Lincoln avenue, Emmitsburg. He had been ill for some time.

A son of the late Benjamin and Rebecca Oppe Chase, late of St. Mary's county, Maryland, he was for many years an employe at Mt. St. Mary's college, Emmitsburg. Four of his sons are in the armed forces.

He is survived by his wife, the former Alice Murdoch; two daughters, Miss Josephine Chase, New York City and Mrs. Oliver Smith, Emmitsburg; the four sons, Cpl. Roger England; Pvt. Joseph C. Camp Croft, South Carolina; John Sterling, U. S. Navy, Bainbridge, Maryland, and William A., who was recently honorably discharged from the Army for disability, at home; a brother, Arthur Chase, Hermanville, Maryland, and a sister, Mrs. Minnie Washington, Hermanville.

Requiem mass Saturday at 9 a. m. at St. Joseph's Catholic church, Emmitsburg, with the Rev. Fr. Francis Rogers officiating. Interment in Mountain View cemetery, Emmitsburg.

Tarentum, Pa., Jan. 27 (AP)—Students protesting the dismissal of a teacher at nearby Har-Brack Union high school went on strike today, forcing closing of the school which is attended by 500 pupils.

SOLDIERS WRITE THEIR THANKS TO RED CROSS

Kit bags donated by the Gettysburg Elks club, Acorn club and Tuesday Afternoon Bridge club through the Adams County Red Cross have been received by soldiers headed overseas and were most acceptable, according to letters received from three men now overseas, Mrs. P. J. McGlynn, chairman of the Kit Bag committee of the local Red Cross, said today.

While it is believed that a number of letters have been written directly to the organizations in the county which have donated for the hundreds of kit bags sent out by the local Red Cross only the Elks, Acorn club and the Tuesday Afternoon Bridge club were mentioned in the letters sent the county Red Cross.

A card, printed in red, stating "Greetings from the American Red Cross, Adams County Chapter, Gettysburg, Pa. . . . The contents of this bag were donated by—" is placed in each bag. For each dollar donated by an organization a card is placed in a kit bag showing that the donation by that group purchased the contents of the bag.

"Very, Very Grateful"
One of the letters, from Pvt. Julius A. Tremont, care of the postmaster, New York, and written December 24 said: "I, being a member of the armed forces overseas, want to thank the American Red Cross for the lovely bag I received on the boat on the way to somewhere in England. All the boys who received one of your bags were very pleased. As they all rummaged through the bags they never expected so many items. And, of course, when we landed the Red Cross was there with hot coffee and doughnuts. So I say thanks from the bottom of my heart for your donation which I received from the Acorn club. May God forever bless you for the fine job you are all doing."

Corporal Lawrence E. Reed wrote: "The bag that was donated by the Elks lodge was received by me and I am very, very grateful. . . . It was very nice and I can sure use it."

Pfc. Ethridge wrote: "Just a few words to tell you that the gift was highly appreciated. It contained all the things that a soldier really needs at times. I am sure that all who receive these gifts value them as highly as I." He wrote on the back of the greeting card in the bag. The card listed the Tuesday Afternoon Bridge club as the donor.

Assortment Varied
The Daughters of the American Revolution is another organization which has received "thank you" letters from soldiers for the gift of the kit bags.

The bags contain a soap box and soap, shoe polishing cloth, a "housewife," including pins, needles, thread and buttons, shoe laces, hard candy drops, waterproof match box, a book, envelopes and paper, razor blades, a small pencil, a pack of cigarettes and a pack of playing cards. The articles placed in the bags are only those requested by the Army and Navy officials and each man leaving for overseas is given a bag at the embarkation point. The "housewives" are made by members of the Junior Red Cross and the local production committee. The kit bags are made from cloth supplied by the National Red Cross to the local production group. All of the things placed in the bags are donated by contributions from county organizations and individuals.

Salty Yarn For Late Commuters, Ship Missed Slip

New York, Jan. 27 (AP)—The log of the good ship Catskill noted today as salty a yarn as ever stood the hair of a commuter erect. It is reported she got into her slip backwards.

The Catskill, as seaworthy a ferry as you would want to board, nosed out into the fog-bound North river from her Weehawken, New Jersey, pier, bound for New York city at 6:50 a. m.

She almost whacked into a liner, but her doughty skipper avoided that, and the commuters breathed easier.

She wound up off Pier Seven in the East river, instead of Cortlandt street on the other side of Manhattan, and a Navy boat gave her bearings.

She went into reverse and ran into a mudflat off Governor's island. Wrong shore again.

She got a wallop on her port side from a tug, which knocked part of her drain pipe away.

She reached Cortlandt street and got into her slip backwards.

Thankful for all things that have happy endings, the commuters, after a two-hour trip that should have taken 25 minutes, backed their cars out and soon were merrily on their way to work—with a rare excuse for the boss.

DROUGHT FELT

Pittsburgh, Jan. 27 (AP)—Lack of rain and snow is drying up wells and small streams and the drought is playing havoc with winter wheat, weather observer W. S. Brotzman said today. There has been a precipitation deficiency of 6.61 inches since last August, records show.

Lady Jane Grey was queen of England for nine days in 1553.

Upper Communities

The Rev. William Stauffer, of Sugar Creek, Ohio, was a guest Wednesday of his brother and sister-in-law, Mr. and Mrs. Allen S. Stauffer, of Biglerville.

Mrs. E. A. Meyer entertained the Bridgettes Wednesday evening at her home in Biglerville. The next meeting will be held at the home of Mrs. John Pitzer.

Mrs. Joseph Stubbs entertained the members of the Carnation Guild this afternoon at her home in Quaker Valley.

Mrs. Leroy Lady and Mr. and Mrs. Allen S. Stauffer, of Biglerville, were visitors to Harrisburg, Tuesday evening.

Mrs. John Zimmerman has returned to her home at Logansville after spending some time with her sister, Mrs. C. H. Musselman, of Biglerville.

Mr. and Mrs. Paul Hoffman, Bendersville, entertained at a turkey dinner Sunday in honor of their son, John, who observed his sixteenth birthday anniversary. Their nephew and niece, Sammy and Mary Jane McCauslin, were also guests of honor. Those present were Mr. and Mrs. Ralph Stoner and children, Louise, Pauline and Jane; Mrs. Lelia Pitzer and sons, Eugene and Donald; Mr. and Mrs. Maurice Pitzer and children, Louetta, Junior and Kenneth; Mrs. Amelia Pitzer, Mr. and Mrs. Lee McCans and children, Dean, Harold, Jack, Fay and Mary Jane; Mr. and Mrs. Paul Pitzer, Ruth Pitzer, June Peters, Madeline Routsong and John Hoffman.

Mr. and Mrs. J. Yoder, Harrisburg, and Mr. Yoder's mother, of Nappanee, Indiana, visited Mrs. Martin Boyer, Biglerville R. D., Wednesday.

A pig roast was held last Saturday evening at the home of Mr. and Mrs. John S. Funt, Biglerville R. 1, in honor of Mrs. Funt's brother, Cpl. Freeman C. Kennedy, who concluded a furlough with relatives in the county last Sunday.

Those attending were Millie Lease, East Berlin; Mr. and Mrs. Bernard Guise, Biglerville R. D.; Mr. and Mrs. Paul Rhodes and son, Donald, Biglerville R. D.; Mr. and Mrs. Charles E. Breighner and children, Robert, Janet and Garry, Biglerville; Mrs. Francis Gable, York Springs; Miss Elizabeth Beam, Camden, New Jersey; J. Roy Diehl, Jr., Biglerville; Mr. and Mrs. W. D. TAYLOR TO RUN

Harrisburg, Jan. 27 (AP)—State Senator M. Harvey Taylor, Republican state chairman, announced his candidacy today for re-nomination at the April primary for re-election.

DIES TO PROBE SEVERAL GROUPS

Washington, Jan. 27 (AP)—Granted a new appropriation of \$75,000, Chairman Dies (D-Texas) of the House committee on un-American activities today set out on a program of investigations that calls for inquiries into the CIO, the "Peace Now" organization, the United States Civil Service commission and the Japanese.

Dies, whose public hearings ranged far and wide before they were discontinued a few years ago, said he wanted to find out in the near future what the CIO "Political Action committee" has in mind.

The CIO group, he said in an interview, has raised a fund approaching \$2,000,000 "to defeat members of Congress."

A Justice department investigation of the CIO committee was demanded recently by Rep. Smith (D-Va.), who said a magazine article by CIO President Philip Murray indicated a violation of a ban in the 1943 war labor disputes act against contributions by labor organizations in connection with Federal elections.

The investigation of "Peace Now," an organization advocating negotiated peace, already is under way, Dies disclosed, as is an inquiry into practices of the Civil Service commission.

During the past year, the committee has devoted most of its time to checking up on Japanese activities in this country.

SENT TO MIDDLETOWN

Captain Warren T. Dunn, of Biglerville, was recently made the new chief patrolman of the Civilian Guard Force at the Middletown Air depot. Captain Dunn was transferred recently from Dundalk, Maryland, where he was chief patrolman at the Army Air Force storage depot. From 1921 to 1941 he served on the New York police department. Captain Dunn, a World war veteran, has a son in the Marine Corps.

It is estimated that there still is enough coal unmined in this country to last several thousand years.

Youth Held For Throwing Acid

Norristown, Pa., Jan. 27 (AP)—Accused of throwing contents of a bottle of acid into another boy's face, Martin Devine, 14, of Ardmore, Pa., was held in Montgomery county jail today to await a hearing on charges of aggravated assault and battery.

The victim, Jack Connors, 16, was taken to Bryn Mawr hospital where doctors said only a small amount of acid entered his eyes and that his sight will not be impaired.

Police said young Devine purchased three ounces of acid from Morris Abramson, a drugist for whom he worked after school, and dashed it in the other boy's face during an argument outside the drug store. Abramson is under \$300 bail on a charge of selling acid to a minor.

Japs Bomb Own Troops' Position

Guadalcanal, Solomons, Thursday, Jan. 27 (AP)—One night this week, the Japanese dropped 12 bombs by mistake on their own positions on Bougainville adjacent to the American beachhead at Empress Augusta bay.

In communicate fashion, our headquarters paval spokesmen added: "One of our ungrateful A-A (anti-aircraft) batteries knocked one Jap plane down in the bay."

DIES SUDDENLY

New York, Jan. 27 (AP)—William Davis, 56, of Clearfield, Pa., died here yesterday shortly after collapsing in a Pennsylvania Station restaurant. He was dining with his wife and their son, Merrill Davis of the army.

Nellie Larson read "Watchful Waiting" and Susan Lighter played "Turning Wheels," by Tibbits, on three piano. Sylvia Williams read, "Five Little Snowbirds." Molly Lighter sang "Little Bunny Cotton-tail" and Nancy Lighter played as a piano solo, "Whispering Hope." Hawthorne, Nancy Ramer presented a reading, "The Lazy Sun."

The club meets each Saturday from 10 to 11:45 a. m. at the home of one of the members. Nancy Lighter is president; Nellie Larson, vice president; Marian Shears, secretary, and Ralph Baker, treasurer. Other members of the club include Mary Baker, Susan Lighter, Mollie Lighter, Sylvia Williams, Nancy Ramer, Ann Rummel, Timmy Gifford, Patsy Schriver, Roland Schriver, William Sanderson, Delores Wine-man and Eileen Curley.

Following the meeting the club took up a collection for the infantile paralysis fund.

Would Re-Name Battle Foxholes

Quarryville, Pa., Jan. 27 (AP)—Slumbering Lodge of Groundhogs petitioned General Douglas MacArthur today to change the name of foxholes to groundhog holes.

The reason, a proclamation by the 40 year old organization explained, is that the fox is "the laziest animal on earth" and, unlike the industrious groundhog, won't even dig its own hole.

The proclamation also announced that Milton S. Hershey, the chocolate magnate, has been elected to membership and now is eligible to take part in the February 2 quest of groundhog shadows.

Numerous others, including Mahandas K. Gandhi and the Duke of Windsor, have been rejected.

Called off last year and the year before, primarily because of deaths among the members, the club's pilgrimage to the "chuck holes" is being reinstated this year.

ARENDSVILLE BIGLER CAGERS MEET FRIDAY

Arch-foes on the Adams county scholastic hard-woods get together in Arendtsville Friday evening when the Arendtsville Vocational high school quintet clashes with Biglerville. The varsity girls' teams of the two schools will also meet in the preliminary tilt at 7:30 o'clock.

The annual Adams county clash will be doubly thrilling this year in that the Arendtsville boys now have a string of seven wins while the girls have won their last five engagements. The Biglerville teams have equal or better records than Arendtsville, the boys having won six and lost three while the girls are undefeated in six games. Last year the Arendtsville girls dropped both games to the Biglerville lasses while the Arendtsville boys won both games.

Arendtsville boys reached peak performance here last week when they surprised Delone quintet with a 40-33 victory. The squad came through this grueling battle in good shape and are ready for their toughest game of the current court campaign. The starting lineup will probably see Jack Taylor at center, Bobby Allison and Captain Fisel at forwards, and Charles Lady and Dick Slaybaugh at guards.

LINCOLN LOSES TO NEW OXFORD

Paul Mehrling's Lincoln school dribblers dropped an extra period game to the New Oxford junior high quintet here Wednesday afternoon 29-28.

The local team led throughout the first three periods and was apparently headed for victory at the close of the third quarter when it led 23-16. However, New Oxford put on a sensational rally to tie the count at 27-27 at the end of the regulation period and then eked out victory in the over-time round.

Cable led the victors with 11 tallies with Fair, Shaner and Keeney pacing the Lincoln quintet.

The box score:

KID—is U. S. war slang for the co-pilot on a bomber. Someday you'll be wanting a co-pilot and a folio of War Bonds will look mighty good. In the meantime your purchase of War Bonds in the 3rd War Loan helps back up our invasion troops.

WAR BONDS... buy them and join America's victory march.

Airmen have their gremlins, and we ordinary folks, trying to help win the war, have the "Squander Bug" to contend with. He's a wily insect—cross between a Japanese beetle and a Hessian fly. He perches on our pocketbooks, feasting on dollars we spend needlessly. We can make him curl up and die of hunger on a diet of War Bonds.

Ice-Capades Open At Hershey February 15

Hershey, Pa., Jan. 27.—The new 1944 frosted extravaganza, Ice-Capades, making its fourth tour of the United States and Canada, will open in the Hershey Sports Arena on Tuesday night, February 15 for a run of six performances. The other nights are February 16, 17, 18 and 19 with a Saturday matinee.

Ice-Capades of 1944 has a cast of 152, a variety of 30 acts and 75 ice-skating "pets". The big show was rehearsed in Hollywood, and had its world premiere at Madison Square Garden, New York city, where it was hailed by critics as a better and greater production than the three previous ones. The producer is Chester Hale, whose achievements have merited him fame on Broadway and Hollywood.

The new edition presents seven outstanding production numbers highlighted by a South Sea fantasy entitled "Song of the Islands," the pantomime love story on ice synchronized with words and music.

SPORTS ROUNDUP

By HUGH FULLERTON, JR.
New York, Jan. 27 (AP)—Guessing game... Branch Rickey, cheerfully admitting that he sometimes talks too much, hints that in the next few days the Dodgers may lose a man "more vital to Brooklyn than Slat Marion was to the Cardinals."

The only Dodger we could put in that classification would be Mickey Owen, but the Brahmin of Borough Hall may have other ideas about values. Ensign Ollie Hunter, the best two-miler available since Greg Rife has become a seafarer, man, considers the mile the most spectacular foot race and would like to try it—especially if he could win the "Hunter mile" at Boston. Babe Ruth has signed up as a war bond salesman—and no doubt he'll help our boys make a home run.

THEY ENTERED A SLEEPER

Here's what became of the mile relay team from the Navy Midshipmen's school at Columbia U. in the Metropolitan AAU track meet last Saturday. After warming up and giving officials his team's running order, Roy Hollander, one-time North Carolina State athlete who was "captain" of the foursome, returned to the dressing room for a rest. The first three runners were well up in the race, but when the third man finished his leg, there was no one to take the baton. Still wondering what had become of Hollander, the midshipmen searched the locker room and found Roy sound asleep.

ONE-MINUTE SPORTS PAGE

The day that Max Waxman was supposed to start out with Joe Louis on the champ's refereeing tour, Max came down with flu and had to see Lew Diamond in his place. Ed Levy, coming up for another trial with the Yanks this spring, was thrown out on 15 of his 30 attempts to steal bases for Newark last season. Former Sports Scribe Bob Brumby, who came down with malaria while covering the Pacific war front, has recovered and will leave soon for the European side of the scrap. When he visits Harry Markson's office on Jacobs Beach, Lou Nova likes to just sit and look at a photo of himself in the ring at a photo of Louis. "It shows me on my feet," Lou explains wistfully.

SERVICE DEPT.

Just before the Bainbridge Naval Training Station basketball team took the floor against the top-ranked Norfolk NTS team, Hal Lambert, commodore captain and former Rice star, collapsed and was taken to a hospital suffering from double pneumonia. Just a week earlier Ken Corley, Bainbridge's leading scorer, came down with flu and had to be taken to the hospital because of the Bainbridge-Quantico game. The Keesler Field, Mississippi, athletic department has scheduled a bowling match between the Commandos, leading officer team, and the General Mess Lightnings, who top the enlisted men. Judging solely by the names the Commandos should make a general mess of the GI Joes.

Providence Drops 8th Straight Tilt

(By The Associated Press)
Providence has the American Hockey league's longest losing streak of the year but the Reds forced Buffalo to go all out with three goals in the last period last night before they succumbed for the eighth straight time.

While Providence was bowing to Buffalo, 3-2, Cleveland was handing the Pittsburgh Hornets their fourth successive setback, 5-3.

As a result of the night's action Cleveland is far and away the district leader of both divisions while Buffalo is pushing Hershey a little in the eastern half. With a third of the season to go, the Bisons have moved up to within seven points of the Bears.

The Boston Bruins topped Hershey, 2-1, in an exhibition game at which war bonds valued at \$1,111,790 were purchased by 6,000 fans from eleven Pennsylvania counties. It was farewell to Wally Kilrea, Hershey captain for the last five and a half years, who today dons an Army uniform.

YANK OUTFIELD TO BE ALMOST ENTIRELY NEW

By JACK HAND

New York, Jan. 27 (AP)—Any resemblance between the New York Yankee outfield of 1944 and the Keller-DiMaggio-Henrich picket line is going to be purely coincidental according to reports drifting in from the outlying precincts.

With Roy Weatherly reclassified 1A and probably unavailable for the centerfield job, Marse Joe McCarthy is down to Johnny Lindell, Bud Metheny, Tuck Stainback and a couple of rookies from Newark and Kansas City.

One of the rookies, big Ed Levy from Newark, is a first baseman by trade but played in the garden for the Bears last year. He has not been formally recalled by the New York club. The other is Russ Derry, a gentleman farmer from Missouri, who could give up only enough time from his crops in '43 to play 40 games with Newark.

Johnson May Go

Add to that situation the report from Augusta, Georgia. That Bill Johnson is due to come before his draft board in the near future, possibly February 7, and you can see another change in the making.

If Johnson goes into service or decides to stay at his job with the Fire department at Camp Gordon, the Yanks will lose one of the outstanding young players in the game.

Although Johnson was used at third base last year and performed capably at the hot corner through the pennant drive and the world series, he played more regularly in the outfield during his minor league days before. He came to Newark as a shortstop for the first time. He twice had been an all-star outfielder of the South Atlantic league with Augusta and split his time between fly chasing and infolding with Binghamton in the Eastern.

Buddy Baer to GO ON RANCH

West Palm Beach, Fla., Jan. 27 (AP)—Buddy Baer, who once dreamed of annexing the world's heavyweight boxing title, looks forward now to retirement on a cattle ranch. A staff sergeant in the Army's physical training program, Buddy said today he would never fight again. He is undergoing treatment at the Reams General hospital for a neck injury resulting from an automobile accident in 1941.

Max Baer's kid brother declared he was salting away all his Army pay, and the income from a cocktail lounge he operates in California toward that home on the range when the fighting is over.

Buddy's last fight was a go at Joe Louis for the title January 9, 1942. He and Brother Max pointed the Army shortly before voluntary enlistments were ended and both are engaged in the PT program. They make talks on physical fitness and lend a hand at morale boosting.

Buddy is attached to the Air Services Command with headquarters at Patterson Field, Fairfield, Ohio.

SPORT SHORTS

New York, Jan. 27 (AP)—Basketball pitched in to do its part in the Fourth War Loan drive last night when 6,000 fans put \$1,676,750 in War Bonds for the privilege of watching a benefit doubleheader at the 71st Regiment armory.

Harry Boykoff, former St. Johns ace, scored 21 points but his West Point post-all-stars lost to the strong District Coast Guards, 50-38, in the opener. Joe Lapchick's Brooklyn all-stars topped the Nat Holman-coached New York stars, 47-43 in the finale.

Chicago, Jan. 27 (AP)—Another

Chicago Bears' football player who led in ground gaining is Navy bound. Harry Clark, who was top man carrying the ball for the world's champion pro team last season, has taken his physical examination for the Naval Aviation Corps.

In the event Clark is accepted it will be the third time the Bears' leading ground gainer has entered the Navy. George McAfee and Frank Maznicki having preceded him.

FUGITIVE BOY CHARGES ABUSE

Camden, N. J., Jan. 27 (AP)—A 14-year-old fugitive from Kis-Lyn Industrial school, near Hazleton, Pa., alleges that he was beaten and "locked in an iron cage without any clothing" before running away.

The boy, William Andrews, who is being held by Camden police on information supplied by the school, also says that "all I got for three days (at Kis-Lyn) was water and six slices of bread."

William and another boy were arrested near Mt. Carmel, Pa., last December 21 and charged with breaking into the Shickshinny, Pa., junior high school and damaging \$1,000 worth of manual training equipment. Both were sent to Kis-Lyn for 17½ months.

Mrs. Margaret Bacon, 31, William's mother, said she would fight any attempt by Charles A. Johnson, superintendent of the school, to extradite the boy.

Johnson denied categorically yesterday that William had been mistreated at Kis-Lyn. "He received good treatment here," Johnson said, "and if he has bruises he got them from other boys."

A. G. Fraser, executive secretary of the Pennsylvania Prison society, said he understood Kis-Lyn has a "pretty good reputation."

"I don't think corporal punishment should be permitted in any institution," he added. "If there is anything in this case, it ought to be smoked out."

New Jersey Sets Salvage Record

Newark, N. J., Jan. 27 (AP)—Charles A. Eaton, Jr., chairman of the state salvage committee, said today New Jersey set a new record for collection of waste fats in December by gathering 374,339 pounds, an increase of 110,000 pounds over the previous record set in November.

Eaton, who received the information from the salvage division of the War Production Board, said the increase was attributable largely to the OPA's allowance of two meat ration points per pound in addition to four cents. Appeals through press and radio also helped, he said.

It is estimated that 70 per cent of all war workers in the Eastern states depend on automobiles for transportation to and from work.

McCloskey Sued For Excess Taxes

Harrisburg, Jan. 27 (AP)—Attorney General James H. Duff, in a suit filed for the commonwealth in Dauphin court yesterday sought to recover \$52,419 from John P. McCloskey, Philadelphia county register of wills from 1938 through 1941.

The suit said the amount represented inheritance taxes retained by McCloskey as commissions in excess of a \$10,000 annual limit provided by a 1937 amendment to the 1919 inheritance tax law.

May Use Nazis In Lumber Camps

Warren, Pa., Jan. 27 (AP)—A thousand workers are required immediately for employment in sawmills and other lumbering operations in this area, David Levine, a representative of the War Manpower commission, announced.

Levine predicted that unless sufficient men can be recruited soon, German war prisoners may have to be brought in to ease the situation. He added that Germans have been used on lumbering projects in Canada with great success.

estimated by the ODT, which is the claimant agency before the Office of the Rubber Director for tires required by the domestic civilian transportation services and facilities. These deficits are reflected in the currently reduced truck and bus tire quotas which the Office of the Rubber Director has allotted to the Office of Price Administration for rationing.

It is against these reduced quotas, Mr. Eastman explained, that certificates to acquire tires may be issued to commercial vehicle operators by the OPA's local War Price and Rationing boards.

EXECUTIVE BD. OF CIO MEETS

Washington, Jan. 27 (AP)—The executive board of the Congress of Industrial Organizations (CIO) convened here today prepared to take stands on national service legislation, a national wage policy, and the soldiers' vote.

President Philip Murray's acceptance of an invitation to attend a world labor congress in London next June also is before the board.

Murray already has asserted he is in agreement with President Roosevelt's proposals for continuation of the renegotiation law, the reenactment of the stabilization law, passage of cost of food legislation and a realistic tax law.

But Murray has taken the position that a national service act as proposed by the administration would be of little value in mobilizing manpower.

CIO leaders have held that further adjustment of wages is necessary to bring them generally into line with the increased cost of living. That cost, they say, has outstripped the "Little Steel" formula. They have advocated that service men and women overseas be permitted to vote in the next general election, using a brief federal ballot.

The executive board is composed of Murray, nine CIO vice presidents and heads of the 40 CIO international unions.

INFLATION?

Emergency Coal Depots Opened

New York, Jan. 27 (AP)—Seven emergency coal depots will be opened by the city today in four boroughs to enable consumers to buy 50 and 100 pound lots of anthracite on a cash-and-carry basis.

All sales will be made at OPA ceiling prices. Customers will be asked not to buy the bag lots unless they are out of supplies and need the coal to tide them over until dealers are able to deliver large orders.

City Fuel Administrator Edwin A. Salmon estimated that 100 such stations would be needed up to April 1.

The last time the city set up emergency coal piles for householders was during the shortage induced by the 1919-20 strikes.

ALL AT SEA?**

Have you questioned the advisability of buying a new fur coat now,—or have you felt it might be—perhaps—a little unpatriotic to want a new coat this year? Then let your conscience listen to reason!

You need a coat. A coat helps protect your health. Your well-being is essential to your job, which may be war work,—at least provides the income from which you can buy War Bonds.

You need a Fur Coat. You will wear no other coat longer than you will wear a fine Andes Quality Fur Coat. As an investment, an Andes Fur Coat actually costs you less, because of the seasons of comfortable wear it will give you.

You need an Andes Quality Fur Coat now. At the moment we can offer you the greatest of value opportunities. Our selection is excellent and you'll find January prices are very low.

So—if you need a fur coat—buy an Andes Quality Fur Coat now. Let your conscience be your guide... buy War Bonds and a Fur Coat too, but

First—Buy War Bonds!

An Evening Thought

Those who differ most from the opinions of their fellowmen are the most confident of the truth of their own.—Mackintosh.

Just Folks

By Edgar A. Guest

SENSITIVE MAN

I fancy man believes his whim
Is something sacred unto him,
And when another blocks his path,
Full justified becomes his wrath,
Or not so quickly would he show
The will to change a friend to foe.

So sensitive seems man to slights;
So ready to defend his rights;
So quick to hide his own mistakes
And note the ones another makes,
'Twould seem he thinks himself
To be
From all the common failings free.

Man asks forgiveness while he lives,
But seldom trespasses forgives.
Quick in resentment, he'll declare
Each small offense to be unfair,
As if, himself, he'd never erred
By thoughtless deed or careless word.

A little more of faith and trust,
Of gentler thought and judgment
Just;
Not quite so swift offense to take,
Quicker allowances to make
For all who err, and man would find
A surer way to peace of mind.

Today's Talk

By George Matthew Adams

INFLUENCE

Like the little candle of which Shakespeare speaks, which threw its beams afar, so does influence shed its light far over the years.

The name of William Jennings Bryan will live long in American history, though for three times he failed to gain the Presidency. I met him many times, the first after his first nomination. He stopped at the station at Grinnell, Iowa, while I was a student in high school. I stepped up to the car and shook hands with him after he had stated: "My friends, I am happy to meet and greet you here on my way to the White House!"

Later I covered two of the conventions that nominated him, and at Baltimore heard that famous speech in which he turned the Nebraska delegation to Woodrow Wilson, which secured the latter's nomination. At the Denver convention Bryan's name surpassed all records for continuous cheering by a convention, lasting for two and a half hours.

With two other newspaper men I visited Mr. Bryan at his Miami, Florida, home. A Cleveland reporter came to interview him. He was a little embarrassed and so Mr. Bryan smilingly said: "I will ask the questions and then answer them." The result, that Cleveland boy got a fine scoop. Mr. Bryan was always considerate and kindly with newspaper men. We went out into the yard and he waxed enthusiastic over the several varieties of trees on his place—but he couldn't give the name of any of them!

Reviewing the years since this brilliant public speaker appeared in the arena of American politics, his influence was very great. Many of the present-day reforms, that then appeared so radical, now appear only as sensible and conservative. He resigned as Secretary of State in President Wilson's cabinet because he would not sign his name to a declaration of war.

A great Bible student, and teacher of the Bible, had William Jennings Bryan become an Evangelist, his name would have rivaled the great D. L. Moody's. His "Cross of Gold" speech in Chicago will forever remain as one of the most dramatic in American political history.

Tomorrow Mr. Adams will talk on the subject: "The Adventurous Mind."

Out Of The Past

From the Files of the
Star and Sentinel and
The Gettysburg Times

TWENTY YEARS AGO

Married in Westminster: Paul B. Ramer, of the Gettysburg Garage, and Miss Juanita Ross, daughter of Mr. and Mrs. H. H. Ross, until recently of Gettysburg, slipped off to Westminster, Maryland, Thursday and were married at 3:30 o'clock by the Rev. Father Egan, of the Catholic church.

The bride's father was until recently a superintendent at the Gettysburg Panel Factory and is now manager of the new Keystone Cabinet Company at Littlestown.

The couple will reside temporarily with Jacob Eckenrode, Chambersburg street.

C. Arthur Griest Re-elected to Head Horticulturalists: C. Arthur Griest, of Guernsey, was re-elected president of the State Horticultural Association of Pennsylvania, meeting in connection with the eighth annual State Farm Products Show in Harrisburg this week.

Miss Krout Weds Fellow Employee: Miss Marie V. Krout, member of the office force at the local furniture factory, was married Thursday afternoon at 1 o'clock to Curtis Klinefelter, son of Mr. and Mrs. Martin Klinefelter, also an employee at the plant.

The ceremony was performed in the parsonage of St. James Lutheran church here, the Rev. Earl J. Bowman performing the ceremony. They were attended by Mr. and Mrs. John Klinefelter.

Dayhoff-Sowers: Miss Jennie M. Sowers, daughter of Mr. and Mrs. George W. Sowers, Hanover, and Raymond W. Dayhoff, son of Mr. and Mrs. Augustus Dayhoff, Gettysburg, were married in the parsonage of St. Matthew's Lutheran church, Hanover, on Saturday. The ring ceremony of the Lutheran church was used, the Rev. Ralph H. Bergstresser uniting the pair.

They will reside in Gettysburg in the spring where Mr. Dayhoff expects to enter business with his father.

Was 4 Below Zero: Old King Winter set a new record in Gettysburg Sunday night and Monday morning when he shot the mercury down to a point five degrees above zero according to one instrument. It was a sudden drop, which was from a maximum of 43 degrees Sunday afternoon, according to the instruments of Colonel E. B. Cope, Baltimore street.

An unofficial thermometer at the Battlefield Hotel stood at 4 degrees below zero, as did the one at the People's Drug Store.

"Bob" Miller Confirmed in Post Office Position (By Associated Press) Washington, Jan. 24—Robert C. Miller was nominated today by President Coolidge to be postmaster at Gettysburg.

Adams Apples Win First Place: In heated competition with seven of the leading apple growing counties in the state, Adams county's fruit exhibit won first place and an award of \$100 at the eighth annual Pennsylvania State Farm Products Show in Harrisburg late Wednesday afternoon. Fifteen full varieties of the most perfect apples blended in making the exhibit the winner.

Special credit for the elaborateness of the display is due County Agent R. E. Underwood, R. C. Walton and Dale Knouse, of Biglerville, and Chester J. Tyson, of Guernsey.

County Pupil Takes Ribbon: Winning third place in the corn-judging contest held in Harrisburg Wednesday morning in connection with the farm show, John Rice, of Arundelville, upheld the honors of the Arundelville Vocational School with a score of 83.5 points.

Premier Lenin Dead (By Associated Press) Moscow, Jan. 22—Nicolai Lenin, premier of Soviet Russia, is dead.

The end came at 5:50 o'clock Monday afternoon, but the death was not announced until some time afterward.

Lenin's death occurred at his country villa near Moscow, where he had been living in retirement. It came after a sudden turn for the worse, culminating in a stroke which paralyzed his respiratory organs.

Announcement of his death was made by the All-Russian Soviet this morning.

Old Age Board Has Organized: The Adams County Old Age Assistance board has been organized by the election of Hiram C. Lady, of Arundelville, as chairman, and C. E. Tawney, Gettysburg, as secretary-clerk. Besides Mr. Lady, the members of the board are Mrs. William Arch McClean, Gettysburg, and Hugh V. Topper, McSherrystown.

The Old Age board, named by the Adams county commissioners, will handle all applications from Adams countyans who come within the provisions of an act of the last legislature providing pensions for old persons.

Personal: Dr. Luther K. Musselman, of the New Haven, Connecticut Hospital, is spending a few days with Mr. and Mrs. J. Elmer Musselman, Baltimore street.

HIGHER POINT
VALUES ON MEAT
LISTED BY OPA

Washington, Jan. 27 (AP)—One to two-point hikes in the February ration point values on most cuts of beef, lamb and veal were announced by the Office of Price Administration today.

More brown stamps will be required also for all types of cheese and the values on pork loin cuts will be one point higher next month. The ration cost of all other pork cuts will remain unchanged.

Butter continues at 16 points a pound but there will be slightly more available, OPA said. Lard values are advanced one point to three points a pound.

Effective Sunday

The new schedule, effective Sunday, Jan. 30, calls for two-point increases on beef steak cuts, with revised values ranging from eight to twelve points a pound. Most other beef cuts, including roasts and steaks get a one-point boost.

For veal, lamb and mutton cuts, one or two-point, increases are fairly general.

Cheddar cheese goes from 10 to 12 points a pound in the new table and cream cheese is raised from eight to ten points. Swiss, munster, bleu (cq) and other similar cheeses are up four points to a total of 12.

Less Meat Available

With the exception of oysters which continue at present levels, all canned fish is given a four-point reduction, being listed at 12 points a pound as compared with the previous 16.

Among canned meats, dried beef is raised two points to 16 a pound, while two-point cuts are ordered for canned pork sausage, beef tongue and vienna sausage.

Sliced dried beef in bulk gets a 14-point value, up two points a pound.

Explaining the boosts in meat point values, OPA said the total retail supply for February is estimated at 1,400,000,000 pounds while the January total was approximately 1,600,000,000 pounds.

Baruch Is Offered
Big Peacetime Job

Washington, Jan. 27 (AP)—Bernard M. Baruch, 73 year old adviser to two wartime presidents, will be asked to head the staff of the newly created house economic policy and planning committee, set up yesterday to help get the country back on a peacetime basis when the time comes.

Chairman Colmer (D-Miss) announced he would invite Baruch to head the committee's staff, "if not actively, then in an advisory capacity."

"I know of no man better fitted for the job," Colmer said.

Baruch was head of the war industries board in World War I, advised President Wilson on economic policy, and now is head of President Roosevelt's advisory unit on war and post war policy.

Serving with Colmer are nine other Democrats and eight Republicans including Rep. Walter (D-Pa.).

heard Fritz Kreisler, noted violinist in Harrisburg Thursday night were: Miss Elizabeth Cox, Miss Madeline Roth, Miss Edith Hollinger, Mrs. S. F. Snyder, Mrs. Elsie Singmaster Lewars, Dr. J. A. Singmaster, P. Benton Peery, Henry Scharf and Austin Pellenbaum.

The regular "Leap Year" dance of the co-eds of Gettysburg College was held Friday night in Xavier Hall.

Mrs. Charles Rankin, of Philadelphia, is the guest of Mrs. H. P. Belknap, Baltimore street.

Mr. and Mrs. Arthur G. Knouse, of Highland township, announce the birth of a daughter on Saturday, January 19.

A son was born to Mr. and Mrs. Raymond Spahr, Fourth street, on Sunday morning.

"NO MORE TROUBLE
WITH CONSTIPATION!"

Says Long-Time Sufferer
Who Tried Laxative Cereal!

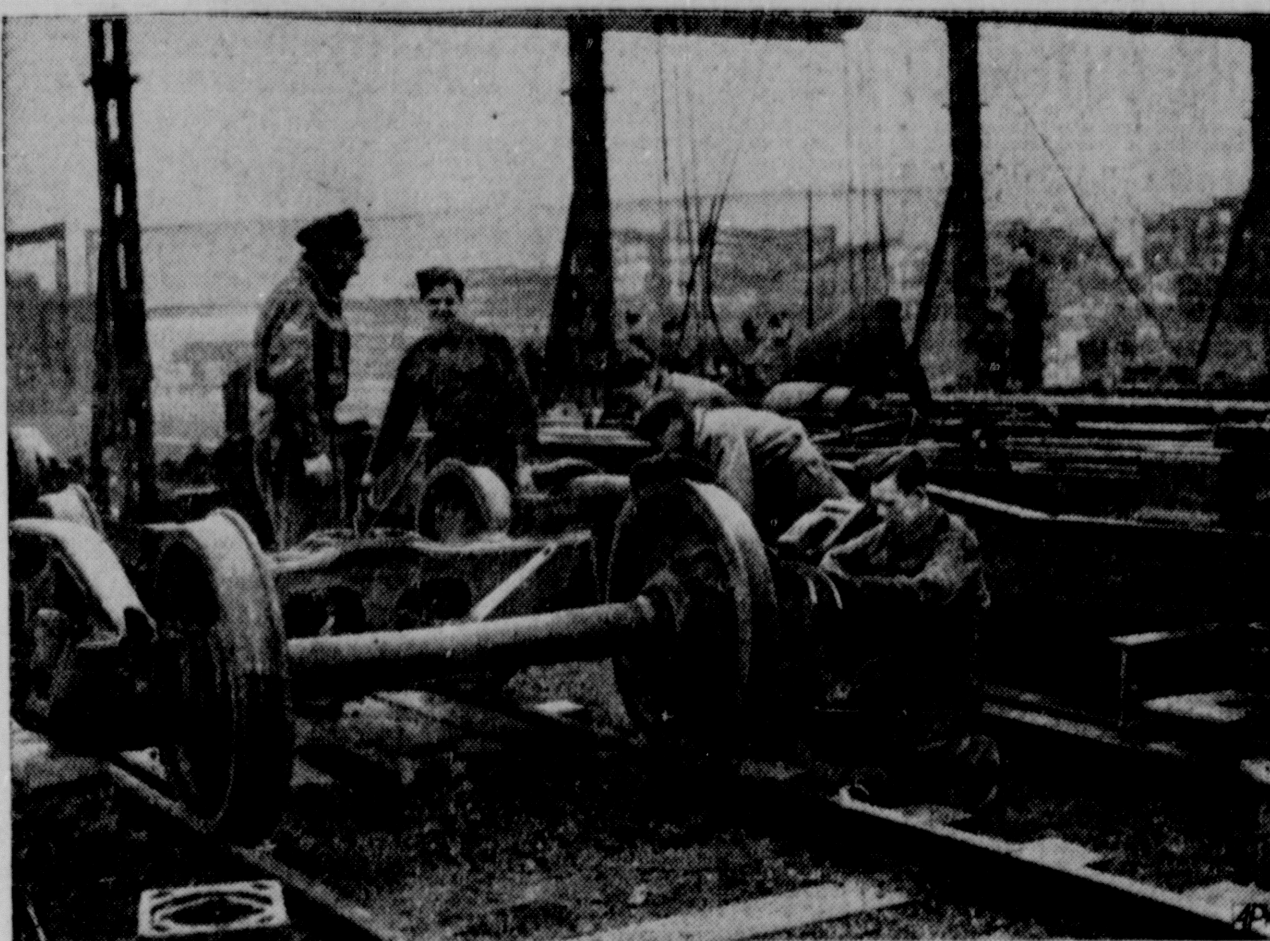

If you, too, are disappointed with pills and purgatives, be sure to read this unsolicited letter!

"For several years I was afflicted with common constipation. I tried various remedies, but got only temporary relief. Several months ago, I started eating KELLOGG'S ALL-BRAN each morning, drinking water freely through the day. I have since never had the slightest trouble with constipation. My gratitude to KELLOGG'S ALL-BRAN."

Mr. H. M. Riley, 11 E. Division Street, Chicago, Ill. Scientists say KELLOGG'S ALL-BRAN is not a purgative. Doesn't "sweep you out!" It's a gentle-acting, "regulating" food.

If you have constipation of this type, eat KELLOGG'S ALL-BRAN or several ALL-BRAN muffins regularly. Drink plenty of water. See if you, too, don't cheer its welcome relief! Insist on genuine ALL-BRAN, made only by Kellogg's in Battle Creek.

MINTER'S

THIS IS THE YEAR OF DECISION!

LET'S ALL MEET IT TOGETHER!

THE war *none* of us wanted is the war *all* of us have got to win—and we're being given our chance this year to make 1944 the year that counts, *the year of decision*.

With the greatest military strength the world has ever seen in our possession, we are boring in for the knock-out blow. But that blow needs a lot of punch behind it if we are to "count out" the German enemy this year. That's where *you* come in. For you are being asked this month to play your part in the 1944 march to victory by buying the Bonds that will help to make this the year to be proud of. And it's not only your duty but your privilege, for with every Bond you buy you'll be buying your share of the fruits of victory as well.

For the money you *invest* now will be yours to spend later for things you have always wanted.

Your duty as an American is to buy *at least one extra* \$100 Bond. But that is just the rock-bottom figure. Thousands of Americans are going to have to invest much more than that during this 4th War Loan drive to make certain that this will be the year that marks the end of the Nazi power.

During this drive keep on buying your regular quota of

Bonds where you work, and be sure you buy your *extra* Bonds there too. Every plant, every office, every community will have its quota—you must see that that quota where you work or live is reached.

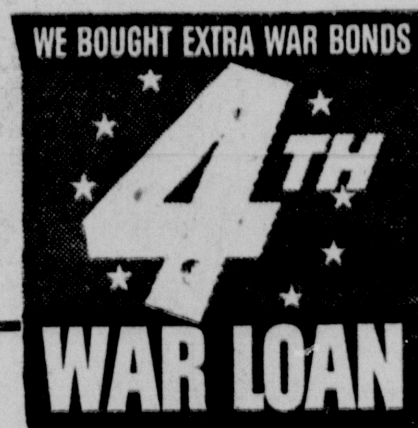

This Drive is your Drive—your chance to prove that you are still backing the attack. Show your confidence that this is the year that will really hurt the enemies of your country on land, in the air and on the seas.

WORLD'S SAFEST INVESTMENTS

UNITED STATES WAR SAVINGS BONDS—SERIES E: Interest: 2.9% a year, compounded semi-annually, if held to maturity. Denominations: \$25, \$50, \$100, \$500, \$1,000. Price: 75% of maturity value.

NEGRO VOTE AND
FDR'S 4TH TERM
SLOW CONGRESS

Washington, Jan. 27 (AP)—The two main questions on tortured soldier vote debate have been broken into the open: whether Negro soldiers should be permitted to ballot and whether President Roosevelt would have an advantage over any opponent in the 1944 elections.

More than a year of argument has come down to this:

Senator Overton (D-La.) said "let's be frank x x x down in the solid South we've got to retain our state voting qualifications to preserve white supremacy."

Know One President

And Senator Taft (R-O.) expressed fear that the servicemen would know the name of Roosevelt better than any other in a national election and therefore would be apt to write in the word "Democrat" no matter who ran for congress.

It is likely that servicemen from 18 to perhaps 25 years of age can remember clearly no other president except Mr. Roosevelt since he has been in office 12 years, the greater part of their mature lives.)

Two ideas are implicit in what Taft said: Mr. Roosevelt will be fourth term candidate and the soldier vote—if it goes for Mr. Roosevelt—will sweep Republicans out of congress, providing servicemen vote a straight Democratic ticket.

Boys Discover Open RR. Switch And Win \$50 Bonds As Reward

Los Angeles, Jan. 27 (AP)—"Hey, look! The switch is open."

"Yeah, just like on my electric train."

"Gee, if a train comes along—bango."

Robert Mulnick, Jr., and Norman Burns, each 9, had this conversation yesterday on a railroad track. They told Harold Hauflaire of the Airco corporation plant nearby who informed railroad men. They stopped a freight train that probably would have jumped the switch and smashed into the war plant.

Today the boys will be awarded \$50 war bonds at a student assembly in their school.

P. S. They were playing hookey at the time.

Baby's Death From
Starvation Stirs
Probe In Buffalo

Buffalo, N. Y., Jan. 27 (AP)—Death by starvation of a nine-month-old baby boy prompted an investigation today in conditions on the outskirts of Buffalo said by Medical Examiner Paul J. Rutecki to make "Tobacco Road" pale by comparison.

The baby was found in a two-room cottage a few doors from where another child died recently under similar circumstances from food-poisoning and malnutrition. An autopsy revealed "not an ounce of fat" on the baby's body, Rutecki said.

The cottage was occupied by the baby's mother, Alice Cook, 21; her sister, Mrs. Catherine Magyar, and Mrs. Magyar's three children. Inspection last night disclosed there were no beds in the house, Dr. Rutecki said, and the only food on hand consisted of three cans of milk and a sack of flour.

Mrs. Magyar told authorities she was employed at the Republic Steel plant, but was unable to work steadily because the baby's mother refused to stay home and look after the children. Mrs. Magyar's husband is in the Marines, she said.

Nurse Acquitted
In Babe's Death

Pittsburgh, Jan. 27 (AP)—Margaret Brady, 39, former McKeesport hospital nurse charged with murder in the death of her newborn son a year ago, was acquitted by a jury yesterday.

She had been accused by the Commonwealth of strangling the infant and throwing it out of a window of the hospital maternity annex last February 18. She testified she thought the baby was dead.

One Killed, Six Hurt In Rail Crash

North Creek, N. Y., Jan. 27 (AP)—Roy Edson, 40, Port Henry, was killed and at least six other men injured, two critically, yesterday in a head on collision of two work trains on an American Lead company private line.

State police said the wreck occurred in remote Adirondack country about 13 miles north of North Creek, Essex county.

The collision was the fourth train accident this week in New York.

CAPT. STEWART
REJECTS OFFER
OF PROMOTION

By FRANKLIN F. BANKER

A U. S. Liberator Bomber Base, England, Jan. 27 (AP)—Capt. Jimmy Stewart, formerly of Hollywood and now leader of a Liberator bomber squadron, is the talk of his airmates at this base because he startled a superior officer by turning down a promotion to major.

Friends of the actor, who won his wings the hard way, quoted him as explaining his refusal by saying that he didn't want to be raised to a higher rank "until my junior officers get promoted from lieutenant."

Works Long and Hard

The lanky star of "Mr. Smith Goes to Washington" remained mum about the incident because, like Capt. Clark Gable, he has been assiduously avoiding the limelight since he reluctantly granted a press conference on his arrival two months ago.

Stewart has piloted his bomber on three raids—as a squadron commander he flies only occasionally—and fellow flyers say he did a "swell job."

On the ground he puts in long hours at executive work. One night an officer found him plugging away at 2 a. m. and commented: "You're working pretty late."

"Mr. Smith Goes To Berlin"

"Oh, lots of them work late around here," Jimmy replied quietly.

Friends say Stewart has avoided social gatherings, except for occasional appearances at the officer's club where he usually is the life of the party and the group's favorite pianist.

The best testimonial to his career in the army was given a few days ago when some visiting G. I.'s from another Liberator base made some remarks about his rapid rise to rank within hearing of Stewart's crew.

The remarks precipitated a verbal

Special Ratings Are
Offered By WAVES

Several new specialist ratings have been established for WAVES, the Navy announced today.

Women may qualify as specialist (X), a rating which covers a variety of activities, such as engineering draftsman, topographical draftsman, cartographer, plastics expert, pigeon trainer and telephone switchboard operator supervisor. It will also cover the knowledge required to work with visual training aids, and to be on duty at the operations desk of an air station, or do plotting and charting.

The rating of specialist (T) which formerly applied to gunnery instructors, control tower operators and link trainer instructors has now been limited to the latter group. Control tower operators may now be classified as specialist (Y) and aviation free gunner instructors will receive the rating of specialist (G). The rating of specialist (Q) has been established for qualified women engaged in communications security work.

For further information, applicants may go to the post office building, York, every Thursday until 1 p. m. when Recruiting Specialist Mary K. Gabler is on duty.

Maple Trees Tricked
By "June" Weather

Somerset, Pa., Jan. 27 (AP)—Even the maple trees are being fooled by the "June-in-January" weather.

Fourteen-year-old Jacob H. Tipton has refined three pints of maple syrup in the past few days from the more than 20 gallons of sap he has tapped from two maple trees in his backyard.

The tapping season usually runs from mid-March to mid-April.

Seek Interpretation On Mailing Rules

Washington, Jan. 27 (AP)—The Justice department disclosed today that it will seek a clear cut judicial interpretation of the second class mail act.

As counsel for Postmaster General Frank C. Walker in the Esquire case, the department plans to file in U. S. District court here a "once and for all" interpretation of the statute, upon which various interpretations have been placed since its enactment almost 65 years ago. Walker revoked Esquire's second class mailing privileges, effective Feb. 28, and the magazine has asked for an injunction. Walker held the magazine was not devoted to the dissemination of the news, science or the arts and therefore not eligible for second class privileges.

Farm Leaders See Soldiers Training

Indiantown Gap, Pa., Jan. 27 (AP)—County leaders of the Agricultural Adjustment agency watched soldiers in training at this Army camp today and were asked to set their sights higher for 1944 food production.

Opening a two-day session of the Federal Farm agency, Clyde Zehner, Pennsylvania AAA vice chairman, told committee members from the commonwealth's 67 counties that goals for this year's production have been increased in many farm products. The initial meeting was held at the Army camp to emphasize to the farmers the relation of food to the farm program. A banquet will be held at Harrisburg tonight where final sessions on the 1944 program have been set for tomorrow.

Deny Responsibility For Fatal Accident

Pittsburgh, Jan. 27 (AP)—The Jones & Laughlin Steel Corp. denied responsibility for conditions on a hillside near Aliquippa, Pa., where a boulder crashed into a bus December 22, 1942, killing 22 persons.

A defendant with others in several damage suits, the corporation admitted in an answer filed in court yesterday it was a stockholder in the Woodland Land Co., another defendant, but insisted the highway was in complete control of the commonwealth when the accident occurred.

Johnstown Seeks "Jack The Ripper"

Johnstown, Pa., Jan. 27 (AP)—Chief of Police A. J. McDevitt has ordered out special details to watch for a "car slasher" who has badly ripped the upholstery in 50 automobiles in the past few months.

The culprit enters cars left unlocked on the streets and cuts up the upholstery beyond repair with a sharp instrument. On Tuesday night he damaged five machines.

But the Civil Service commission may select two officers under a temporary arrangement or "for the duration" at the same time maintaining Civil Service supervision over the department. The commission is determined to maintain the present high efficiency of the police force... war or no war... it proposes to select men who are able, physically fit and possess the essential characteristics of good police officers. It will not be stamped into electing men to fill these two important posts in the borough government. However, applicants may file applications with Burgess Pfeiffer, Chief Guise or with members of the commission. Civil Service requirements are rigid and even if the commission may adopt a "temporary employment" policy because of the war and the shortage of manpower it will not relinquish or by-pass any of the strict rules which regulate and control its selection of men to act as guardians of the law in this historic community.

Saboteurs Are Big Factor In Red's Success Against Nazis

By HENRY CASSIDY

Moscow—Every day among the uniformed masses in Moscow there appear more men and women in civilian clothes, wearing a round gold medal dangling at the end of a long green ribbon.

That is the decoration for a "Partisan of the Patriotic War" and they are guerrillas, who for more than two years have been living, fighting—some dying—in warfare behind German lines.

Now that a broad expanse of west Russia has been liberated, they are returning to what they call "The Big Land," or unoccupied region, bringing with them seemingly incredible, but well authenticated accounts of their operations. Their campaign is credited officially with being one of the major factors in the success of the Red Army's drive across the Ukraine and White Russia.

All Are Fighting

Guerrilla warfare is as old to the Russians as war itself. Every invader of this country—Swede, Pole, French or German—has had to fight not only soldiers but also people in arms.

If any call had been needed, it came in the second week of war when Premier Stalin in a broadcast prescribed the "scorched earth" policy and partisan campaign. From virtually every city and village, small bands of men went into hiding, forming the nucleus of what eventually became the guerrilla army.

The biggest Partisan forces sprang up in the Bryansk region and in White Russia, where dense forests and swamps provided for large scale operation. Guerrillas took control of large areas, raiding German communications and garrisons, even meeting enemy punitive detachments in open battle.

One unit was headed by Mikhail Romashin, former secretary of the Bryansk district committee of the Communist party. His band was credited with blowing up the Blue Bridge over the Desna river, near Bryansk, and blocking the railroad into Bryansk for six months.

Reach New Heights

In the second year of the war, the guerrillas continued to harass the enemy rear.

Their warfare flamed to new heights last summer when the Red Army started its advance. Bands were compact, closely-knit units, having radio connections and even plane service with "The Big Land."

They were instrumental in the re-crossing of the Dnieper, their outstanding single achievement. Waiting on the east bank, they led the Red Army through trackless swamps to embarkation points. Others on the west bank signaled clear landing places. Thus, the Red Army drove across the Dnieper immediately after reaching it and broke the German's strongest defense.

As the Germans retreated, guerrillas impeded their movements. One party called "Flame" derailed 54 trains in White Russia and at-

Hopes For Aid For White Collar Men

Washington, Jan. 27 (AP)—Senator Pepper (D-Fla.) today expressed the hope that reports from War Labor Board Chairman Davis and Price Administrator Bowles will lead to a relaxation of Federal wage controls as they affect the "white collar" worker.

The two agency chiefs were requested to testify before the labor

tacked 14 enemy garrisons, killing 2,551.

subcommittee headed by Pepper which is inquiring into economic conditions among the workers who missed the war boom in wages.

"We are hopeful," said Pepper, "that Mr. Davis can point the way toward a relaxation of the government wage policy on wage increases insofar as it affects the sub-standard groups struggling along without sufficient money to maintain health and efficiency."

Congressman Is Hit By Street Car

Washington, Jan. 27 (AP)—Rep. Charles L. Gifford, 73-year-old Massachusetts Republican, was in critical condition today after being struck by a street car.

Emergency hospital aides said he had a possible skull fracture. The Congressman, who is serving his 12th term in the House, was approaching his home at Madison Place and 15th street, N. W., early last night when he was struck by the car while crossing a street.

NEW STATUS OF ARGENTINA TO BE CLARIFIED
By JOHN M. HIGHTOWER
Washington, Jan. 27 (AP)—Argentina's new position in relation to the rest of the Americas probably will be clarified when and if she again applies for lend-lease arms and supplies.
A request for such aid is expected as soon as Buenos Aires has completed re-orientation of her foreign policy begun yesterday when she severed diplomatic relations with Germany and Japan.
The issue is considered by Argentines to be of immense importance because they see themselves suffering as a South American power in relation particularly to Brazil, which is a full-fledged fighting ally of the United States has been receiving arms and equipment since 1941.
Brazil is fighting
What Washington's reaction will be, however, probably will depend on the extent to which the Buenos Aires government has gone by then in cleaning up Axis spy nests, propaganda and revolutionary intrigue within her borders. It probably will depend also on the need Argentina can show for lend-lease in the interests of hemispheric defense and the Allied war effort.
Brazil, which has received the bulk of the lend-lease material furnished to Latin America, is not only fighting side-by-side with United States and Allied forces in the western hemisphere but began several weeks ago to send an expeditionary force abroad.
The subject of lend-lease help for Argentina was last broached in August. Two months after the revolutionary regime of President General Pedro Ramirez seized power.
Secretary of State Hull hotly rejected the request at that time both because of Axis activities there permitted in Argentina and because the request was based partly on the expressed desire of the Ramirez government to restore "equilibrium" in South America.
The reference to "equilibrium" was taken to mean that Argentina wanted to be as strongly armed and as well equipped with United States supplies as her neighbor Brazil despite the fact that she was making no contribution to the Allied cause and in some respects was hurting it.
ADULT CRIME IN PENNSYLVANIA ON DECREASE
Harrisburg, Jan. 27 (AP)—Adult crime in Pennsylvania—in direct contrast to a reported rise in juvenile delinquency—is decreasing and at its lowest level in eight years, a check of Pennsylvania state police criminal fingerprint files disclosed today.
"Our files are an excellent barometer of crime convictions," declared Lieut. J. Paul Roche, veteran trooper and head of the Bureau of Criminal Identification and Information.
Criminal fingerprints added to the files last year totalled 35,372, a decrease of 21.7 per cent from the 45,176 of 1940, the lieutenant asserted.
400,000 Prints On File
He attributed the falling off of adult crimes to "better working conditions" and said the 1943 additions to the records were the lowest since 1936 when 28,394 prints were added to the files.
Police departments all over the state are required to send fingerprints of anyone arrested to state police, Roche explained.
The bureau also receives prints of everyone convicted and sent to penitentiaries and county jails.
Roche said some 400,000 criminal fingerprints are now on file with the state police. The bureau also maintains a separate file of 250,000 personal identification fingerprints, which are submitted voluntarily.
Worships Ground Hitler Walks On
Detroit, Jan. 27 (AP)—Johanna Treiber, 53, German born-hospital nurse here who surrendered her American citizenship, said today "I worship the ground Hitler walks on" but denied having said she would "kiss Hitler's foot."
"Mr. Hitler would not like one of his subjects to kiss anyone's foot," she told reporters. "He's not a crazy man."
Yesterday, in announcing Miss Treiber's application for cancellation of citizenship, Assistant U. S. Attorney Louis M. Hopping quoted her as saying "if I could return to Germany I'd be so glad I would kiss Hitler's foot."
Miss Treiber said she did not believe in the United States form of government and was "much fonder of Germany."
Federal Judge Edward J. Moineau cancelled Miss Treiber's citizenship, observing "your honesty and sincerity are to be commended."
Hopping said the court action did not make Miss Treiber deportable. She did not make known her plans.

Mighty Missouri Awaits Launching

ELLWOOD CITY DOES IT AGAIN
Ellwood City, Pa., Jan. 27 (AP)—Having bought \$2,080,450 worth of "E" bonds or nearly double its \$1,200,000 quota, Ellwood City, a community of 13,000, today became the first in the 19-county Ft. Pitt area to "go over the top" in the Fourth War Loan drive.
The figures do not include bond sales for a huge rally being held today—the first celebration of its kind Ellwood City staged during the campaign.
The co-chairmen of the drive, Charles H. Blank and H. R. Smith, said the total will be much more than double the quota by the time the final returns are in.
Bond sales included \$10,000 bought by the local USO and earmarked for the education of any orphans of the community's 1,998 service men.
Ellwood City has gone over its quota in every bond drive—and the quotas have been successively increased. Sales in the third campaign also doubled the quota.

RUSSIANS REACH BANKS OF LUGA; DRIVE ON BALTIC
By EDDY GILMORE
Moscow, Jan. 27 (AP)—The Russians have reached the bank of the Luga river, west of Novgorod, a Pravda dispatch reported today as the Leningrad army of Gen. Leonid A. Govorov and the Volkov army of Gen. K. A. Meretskov continued to smash from opposite directions into the Germans' Baltic salient.
The Luga is only about 10 miles east of the Leningrad-Vitebsk railway, one of the two remaining railways radiating southward from Leningrad that remain available for German use.
The Pravda dispatch said three German regiments were defeated in a clash on the Luga.
Thaw Softens Roads
A sudden, freakish, warm thaw has turned the front below Leningrad into quagmires, muddy roads, unlocked swamps and flooded rivers, front dispatches reported, but the armies under Govorov and Meretskov kept up their great offensive.
In weather the like of which seldom has been seen in the Leningrad area, Russian troops strove mightily to clear the last remaining 35 miles of the Leningrad-Moscow trunk railway still in German hands and make possible the resumption of direct rail traffic between Russia's two largest cities.

Vander Meer Is Inducted To Navy
Newark, N. J., Jan. 27 (AP)—Johnny Vander Meer, star pitcher of the Cincinnati Reds, was inducted into the United States Navy today.
His acceptance for military service was announced by Maj. Frank B. Chapman, commander of the Newark induction station, after the baseball player, once classified 4-F because of a stomach disorder, had undergone three days of induction center and hospital examination.
Vander Meer, only big league player to pitch two successive no-hit, no-run games, will receive a one-week furlough before reporting for active duty. He is a resident of Wyckoff, N. J., and a post-Pearl Harbor father.
Higher Prices To Reform Barbers
Philadelphia, Jan. 27 (AP)—If the city's barbers carry out their plan to increase prices, they promise to institute one reform.
"We will be able," says Pasquale Lougon, president of the barber's union, "to eliminate those sneaky, shyster tricks of trying to induce people to take treatments such as massages, shampoos and hair singes when they don't need them."

Argentina Maps Course Of Action After Diplomatic Break With Axis

WORLD POWERS CONGRATULATE NATION ON MOVE

By STANLEY ROSS
Buenos Aires, Jan. 27 (AP)—The Argentine military government froze movements of the state merchant fleet today as one of the first follow-up actions to its diplomatic break with the Axis, all vessels being directed to remain in port "until new orders."

It was expected here, however, that the tieup would not last long, since Argentine economy largely depends on the free movement of the merchant fleet.

(Although no reason was given for the freezing order, it seemed apparent that the Ramirez government deemed it unwise to expose the vessels to the menace of any lurking enemy submarine in the south Atlantic until some provision could be made for their protection, possibly in convoys.)

Cut Espionage Activities
(Nazis submarines sank three Argentine ships in 1942 but no mention was made of these torpedoings in yesterday's official announcements concerning the diplomatic break.)

As congratulations poured in from all over the continent, the Argentine government turned to another problem attending its diplomatic break—the question of communications with Germany.

Suspension of these facilities loomed as great importance in view of the revelations that Buenos Aires was headquarters for a giant espionage ring. It is believed that telephone communications with Germany already have been cut.

Favorable Financial Effect
The German News Agency Transocean, a powerful Nazi propaganda arm, has been notified to wind up its affairs here by Jan. 31 and it was believed that the pro-Axis afternoon newspaper Pampero, served by Transocean and often said to be maintained by the German Embassy, might close at the same time.

One question which is expected to be settled quickly is who will handle Argentine interests in Germany and Japan. The newspaper Noticias Graficas said last night it probably would be Sweden, although Switzerland and Spain were other possibilities.

The effects of the diplomatic break upon the Argentine financial world still were uncertain, but the first reaction on the stock exchange was favorable. Clients were hastening to withdraw accounts from German banks.

CASES WITHDRAWN
Sunbury, Pa., Jan. 27 (AP)—Injunction proceedings filed against 34 free lance miners by the Philadelphia and Reading Coal and Iron company in a move to enforce a state-imposed ban against unauthorized hard coal mining were withdrawn yesterday by the company from the Northumberland county court. Company attorneys said court action will be resumed after a failure to sign the complaints is corrected.

SET HEARINGS IN OPA CASES

York, Pa., Jan. 27 (AP)—Hearings were set by U. S. Commissioner Horace G. Forts for February 2 for five of six York county men arrested on federal charges of illegally acquiring or disposing of ration stamps in an investigation of what the OPA termed the theft of coupons worth 20,000,000 gallons of gasoline and fuel oil.

The sixth man, Philip Messinger, 29, Hanover, waived a preliminary hearing when arraigned before Commissioner Forts yesterday and was held under a \$1,000 bond for appearance in the Middle District Federal court.

Deputy U. S. Marshal William Capello, who served warrants sworn out by the Harrisburg district OPA office, returned a seventh warrant for George F. Luckenbaugh, 24, Spring Grove, marked "not within district." He said Luckenbaugh is now in the armed forces and is believed to be in training at Miami Beach, Florida.

Those held under \$1,000 bonds for preliminary hearings were Stewart G. Kashner, 27; Charles H. Stauffer, 33, and Ralph Leber, all of York; and Paul E. Sterner, 37, and David E. Mummert, 22, both of Hanover.

The warrants charged the seven men with dealing in various amounts of gasoline coupons.

The warrants were issued after the OPA announced 23,000 pounds of coupons, most of them for fuel oil and gasoline, got into circulation when a shredding machine of a Washington salvage firm failed to destroy them and they were shipped to a Spring Grove paper company as waste paper.

State College, Pa., Jan. 27 (AP)—Pennsylvania State college has instituted an eye conservation program for approximately 270 freshmen, Arthur P. Davis, associate professor of physical education, explaining today it is designed "to uncover eye defects early, so that young men facing Army service may endeavor to correct the condition before they undergo their induction examinations."

Emmitsburg

Emmitsburg—The account of the late Charles P. Mort, who committed suicide at his apartment, 3 East Main street, on last February 1, recently was approved by the Orphans court of Frederick county. The assets of the estate are \$54,403, including \$18,708.42 of debts due and \$21,377.78 in personal property. Harrison P. Mort, a brother and administrator, and George L. Wilhide, agent for the administrator, reported payments of \$3,509.03 and \$1,518.43 to the collector of internal revenue in their first account. The first item was in payment of a check payable to the collector of internal revenue and returned. The second was reported as a payment of income tax for 1941, 1942 and 1943. The court granted \$1,200 to Edwin F. Nikirk and Amos A. Holter as attorney fees, and allowed \$2,419.26 in commissions to the administrator.

The case of Rose Brown, who resides at 435 Lincoln avenue, and who was charged with assault and battery upon Joseph Eyler, was tried before Magistrate Alton Y. Bennett at Frederick, at 7:30 p. m., January 25. She was found guilty and fined \$10 and costs. Eyler resides at 429 Lincoln avenue. Peter Burkett stated that there has been a fence across the plot of ground in question for 60 years. Clark A. Topper and Harry Boyle also testified. J. Oberholzer, Albert Adelsberger, local officer, and Guy Nunemaker testified that Rose Brown struck Joseph Eyler with an axe. The difficulty is the culmination over the ownership of the vacant lot between the residence of Joseph Eyler and Rose Brown. The former stated that there is an alley approximately nine feet wide to the west of his house. The latter stated that she owns all

the land between the two houses, and as a result of her convictions she blocked the disputed section by erecting a gate.

PA. INDUSTRIAL ACTIVITY IN '43 HIT NEW PEAKS

State College, Pa., Jan. 27 (AP)—Pennsylvania industrial activity last year topped that of 1942 by 17 per cent to establish a new record, Pennsylvania State college reported today.

The college's monthly business survey at the same time said activity in December increased 14 per cent over that of the same period a year ago and the index for the month was 227 against 201.5 the year before. The industrial index for 1943 averaged 222.2.

The college added, however, "Industrial activity in the state seems definitely to have leveled off and little further expansion is anticipated at this time. From November to December activity showed practically no change, improvement in mineral production being offset by declines in other series."

The survey also said the cost of living "was quite stable during the last four months of 1943" and added living costs rose only 3.1 per cent during the year in contrast with 10 per cent jumps in both 1941 and 1942.

"Coal output for 1943 was just

level with that of 1942 despite the acute need for more fuel," the report continued. December's output of bituminous, however, was at the best level for the month in more than 13 years and anthracite at the best volume since 1932.

Other Records
"The steel situation was much brighter in comparison," the survey said, "with that industry meeting all war demands and in a position to release moderate amounts of material for civilian use as soon as manpower is available and the military outlook justifies such release."

Factory employment in December continued at 1,250,000 wage earners and pay-rolls remained close to the all-time peak of \$55,000,000. Average hourly earnings were at \$1.03, an all-time record and 17 cents above a year ago, the survey added.

Bank debits, telephones in service, and industrial power sales also made new records.

No Distilling Of Whiskey In 1944

Washington, Jan. 27 (AP)—A war production board announcement today made it official that there will be no distilling of new whiskey in the United States in 1944.

War needs will continue to require the full facilities of the distilleries, WPB Chairman Donald M. Nelson, said, noting that increased demands for industrial alcohol by synthetic rubber plants was an important factor in the decision against any resumption of beverage spirits output.

He estimated 1944 industrial alcohol requirements at 632 million gallons as against 1942 consumption of 236 million gallons.

EARLY PROBE
TWO FEDERAL
JUDGES SEEN

Washington, Jan. 27 (AP)—The House Judiciary committee today foresaw an early investigation of the judicial activities of Federal Judges Albert W. Johnson and Albert L. Watson of the Middle Pennsylvania district following House approval of a resolution authorizing the inquiry.

The resolution called up yesterday by Chairman Sumners (D-Tenn.) of the House Judiciary committee under unanimous consent was approved without a dissenting vote. Unanimous consent speeded the action by eliminating the necessity of having the rules committee set a time for its consideration.

"The resolution speaks for itself" and was in the customary form of resolutions submitted by the judiciary committee where "conditions obtained" which the committee feels require investigation, Sumners told the House.

Complaints regarding the Middle Pennsylvania district have been received from "individual members of the House for a good while" and the Third Circuit Court of Appeals has unanimously adopted a resolution asking the Justice department to conduct an investigation, he said.

May Name Kefauver

The investigation, Sumners asserted, will be conducted, without special counsel, "as soon as possible."

It was expected that Sumners would name representative Kefauver (D-Tenn.), who headed a subcommittee which made preliminary investigations of the case, to conduct the probe.

Kefauver previously told reporters that if an investigation were ordered it would involve bankruptcy proceedings and general judicial administration.

The House Accounts committee is also expected to take quick action on a companion resolution introduced by Sumners authorizing expenditures up to \$2,500 for the investigation.

Wild Game Needs
Better Feeding

State College, Pa., Jan. 27 (AP)—A large percentage of Pennsylvania's wildlife population will die of starvation during coming weeks unless feeding programs are stepped up, Dr. P. F. English of Pennsylvania State college, asserted today.

Asserting the lighter game kill last season left unusually large numbers of animals in the woods, Doctor English, associate professor of wildlife conservation, urged farmers, Boy Scouts, 4-H clubs and

AFL SUBMITS
POSTWAR PLAN

Miami, Fla., Jan. 27 (AP)—The American Federation of Labor's approach to the postwar problems is a reconstruction commission created by authority to make the over-all policy on reconversion, contract cancellation, disposal of government property, and utilization of demobilized manpower.

The policy would be made by representatives of employers, labor and agriculture, with a chairman appointed by the President. Quarterly reports to congress would be required.

The AFL executive council heard these recommendations by its post-war committee, headed by Matthew Woll, yesterday and adopted them as its own. The council's winter meeting was expected to end today.

The council also announced it would sponsor a conference of employers, labor and agriculture in the near future to consider these problems. The conference will be financed by a \$10,000 contribution from the Carnegie Foundation. Woll, answering new conference questions, intimated that the labor representation at the conference would be limited to the AFL. He said the Carnegie contribution was made "without strings."

Studying Changes In
Population In Pa.

Harrisburg, Jan. 27 (AP)—Shifts in populations of Pennsylvania's legislative districts are being checked by a special senate-house committee studying reapportionment, Rep. Franklin H. Lichtenwalter, committee chairman and Republican house leader, has announced.

"We are attempting to check population figures of political subdivisions within counties," explained Lichtenwalter. "The overall status of a county may not be changed from the standpoint of decreasing or increasing the number of districts but a change in populations could mean a shift of districts within that county."

Each of the state's 67 counties have one or more members in the state house of representatives.

STATE COLLEGE
TOLD TO DOUBLE
ITS FACILITIES

State College, Pa., Jan. 27 (AP)—Dr. Ralph Dorn Hetzel, president of Pennsylvania State college, believes facilities at the state-supported school will have to be doubled to meet the educational challenge of the next decade.

Predicting a need for the accommodation of approximately twice the number of students attending in 1941, the last normal year, the educator declared future demands on institutions of higher learning will be heavier "than we have ex-

perienced in any comparable period in the past."

"I believe this is going to be true the world over," said Dr. Hetzel in his annual report to the college board of trustees, "but it is going to be particularly true of those nations which have joined together and which have pledged themselves to the establishment of peace in the world."

To Review Former Plans

Doctor Hetzel asserted the assumption of leadership "means these nations obligate themselves to extend and to perfect the processes and the agencies of research." He added "the task immediately before us is to develop an understanding and concept and a plant which will be adequate to meet this great challenge."

In order to accommodate a doubled program, he said, a \$16,000,000 expansion plan proposed six

More Fairs Will
Be Held In 1944

Reading, Pa., Jan. 27 (AP)—County fair enthusiasts will see a re-opening of many well known exhibition grounds in Pennsylvania, Delaware, New Jersey and Maryland this year as the result of action taken by the United States Trotting Association and the Central Fair circuit.

As the result of discussions at a meeting between the two organizations at the Berkshire Hotel yesterday at least eight, and probably years ago and about one-third completed should be reviewed and adjusted where necessary to current and future requirements.

nine, county fairs will be held during 1944. During 1943 only Allentown and Bloomsburg, Pa., and Trenton, N. J., opened their gates in the four-state area.

Dates for the 1944 exhibitions are: Harrington, Del., July 25-29; Clearfield, Pa., August 1-5; Bedford, Pa., August 7-12; Flemington, N. J., August 28-September 2; Hatfield, Pa., September 4-9; Trenton, N. J., September 11-16; Bloomsburg, Pa., September 25-30; and Frederick, Md., is expected to accept the first week in October for its opening.

SAYS ATLANTIC CHARTER EDEN'S POSTWAR GUIDE

By DEWITT MACKENZIE

(Associated Press War Analyst)

Peculiar interest attaches to Foreign Secretary Eden's reaffirmation of the British policy of not recognizing wartime changes in the map of Europe—"unless they take place with the free consent and goodwill of the parties concerned."

The raison d'être of this statement, is the Russo-Polish dispute over the territory occupied by the Soviet in 1939 at the time of the German invasion. Mr. Eden was replying in the House of Commons to a question by a member. From long experience in reporting the proceedings of the House I know that questions sometimes are spontaneous and sometimes are inspired by the government in order to give it a chance to use Commons as a sounding board to reach a wide audience.

In any event, when you weigh all the elements of this situation it's easy to believe that the Foreign Secretary seized this opportunity to emphasize something even bigger than the Polish imbroglio. It struck me that he may have made his main point when he said:

Why Necessary

"His Majesty's government of course stands on the principles enunciated in the Atlantic Charter." So, if I'm on the right track, he was concerned not only with the Polish trouble but with reaffirmation of the Atlantic Charter. And why should it seem expedient to reaffirm the charter?

Well, as this column has explained numerous times, many countries—especially in the Orient—have been suffering doubts and are anxious for assurances that this document, which was drawn up by President Roosevelt and Prime Minister Churchill and has become the credo of the United Nations, means what it says. I discovered this during a tour of the war theaters a year ago.

Anxious Hope

One of the eight points laid down in the Atlantic Charter declares that "they (Messrs. Roosevelt and Churchill) desire to see no territorial changes that do not accord with the freely expressed wishes of the peoples concerned." What is more natural than that the world should wonder whether this applies to the Polish affair and, if it does, just how it will be implemented.

There are a lot of angles to this question. For instance, who are the "peoples concerned"? Are the inhabitants of pre-war eastern Poland, or is the Polish government in exile to determine this point?

It is, of course, the anxious hope of the United States and Britain that this dispute will be settled by Russia and Poland themselves. This hope must persist despite Moscow's rejection—in cordial terms—of America's offer to employ its good offices in restoring diplomatic relations between Poland and Russia. Our offer, by the way, was not concerned with mediation of the territorial dispute.

"Break" Absurd

But supposing there is no agreement between the Russians and the Poles, and the Muscovites just go ahead and reoccupy the territory in dispute? Who does what to make Russia give up this land?

The chief allies already have agreed that successful prosecution of the war, and the maintenance of

METHODISTS HIT "ISOLATIONISM" AT PEACE RALLY

Pittsburgh, Jan. 27 (AP)—Speakers, including two bishops, at a Methodist "crusade for a new world order" rally here last night said they felt America lost the peace in World War I and should now drop isolationism and "take its place among the nations of the world."

The crusade program, Bishop James H. Straughn, Pittsburgh, explained before an audience of 2,000, is a movement which seeks to develop, clarify and mobilize the sentiment of all members of the church in favor of a righteous and lasting peace—and a Christian world.

He said: "We lost the peace the last time. America preferred to play its own part and build its own world. This is an effort on our part to decide whether America is to take its place among nations of the world to make this a better world or whether we are to be browbeaten into following a separate course."

"Tired of Isolationism" The crusade, inaugurated and led by the church's Council of Bishops, is not political in character, nor pacifistic, Bishop Straughn said. Bishop Paul B. Kern, of Nashville,

peace, depend on continued amicable cooperation among the Big Three—Russia, America and Britain. It's generally conceded among statesmen and other observers that a rupture of relations among the trio would mean another world war.

This being so it would seem absurd to think that either the United States or Britain would go to the extreme of causing a break with Russia over a territorial change which already was a fait accompli before America came into the war. This doesn't mean, however, that the Atlantic Charter declaration regarding annexations has been eased out. Mr. Eden has reaffirmed it, and it must remain one of the cardinal tenets of the United Nations.

HIGHWAY DEPT. WORKERS GO ON NEW WAGE BASIS

Harrisburg, Jan. 27 (AP)—The state highways department today transferred 4,192 road workers in 46 counties from an hourly basis of pay to the permanent department payroll.

(At the state highway offices along the Fairfield road, it was stated that the Adams county workers are among those in 46 counties going on the new plan which is effective as of January 1. The permanent payroll plan has been approved for a quota of 50 employees in addition to caretakers, foremen and equipment operators.)

"We left it up to highway employees in the counties to decide whether or not they wanted to adopt the labor-salary plan and 46 voted to accept it," declared Secretary John U. Shroyer in a statement. "It was worked on a home-rule basis with each county doing as it pleased."

Lists Advantages

He added that the 21 other counties have the privilege of adopting the plan later if they change their minds but did not list those which accepted or those which refused.

"The advantages are obvious," he asserted, "when these facts are considered:

"1. All labor-salary employees are entitled to membership in the state employees retirement system, which they do not and cannot enjoy when employed on an hourly basis.

"2. These employees will be entitled to a total of 15 days' vacation during each calendar year * * * and allows for continuous pay without deductions for time lost due to weather conditions."

Approved by Governor

The employees on a permanent pay basis will have better morale and will know in advance the amount of their salaries each month, Shroyer added.

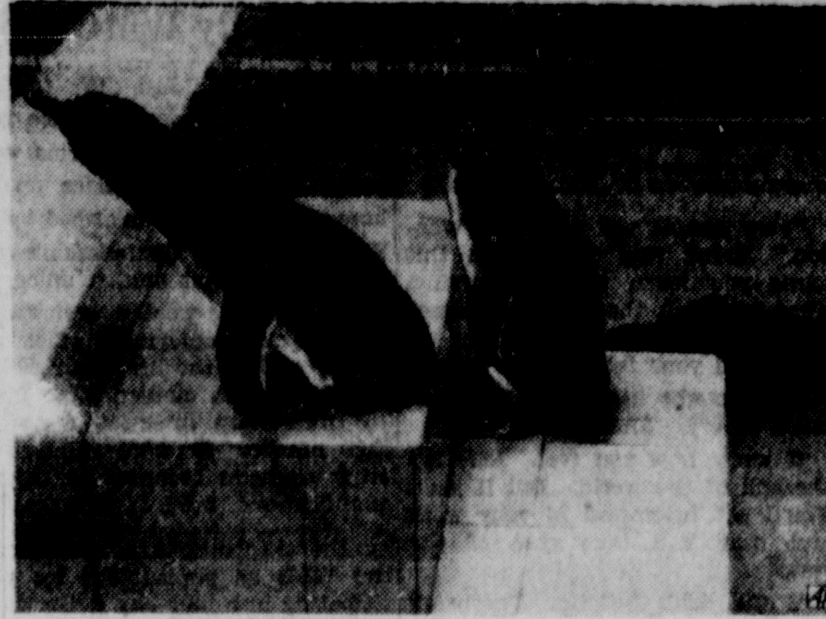

The salary range for those transferred to the permanent payroll is from \$1,248 for laborers to \$2,268 for garage foremen.

Several months ago, Governor Martin approved a proposal to transfer per diem—paid by the day—highway workers to the permanent payroll.

Breakfasts Key To Better Health

A good breakfast for school children will go a long way toward preventing sickness during the winter, says Miss M. L. Adams, home economics extension representative for Adams county.

Starting breakfast with a tart fruit helps to build up an appetite and furnishes protective foods, such as vitamins and minerals, extension nutrition workers at the Pennsylvania State college, point out. Raw apples, tomato juice, orange, grapefruit, prunes cooked without sugar, or rhubarb sauce are some of the winter fruits that can be served for breakfast.

A cooked and hot whole grain cereal served with little or no sugar but plenty of milk will provide food for growth and keep away that hungry feeling that is likely to come before noon. Occasionally raisins or raw dried apple can be stirred into the cereal just before serving. Bread or toast and a cup of cocoa or hot or cold milk will complete this meal. Usually large servings of these foods are enough for most children. Active growing boys and some older

girls may want an egg, warmed up potatoes, or bacon added to this breakfast.

To prevent breakfasts from becoming tiresome, vary the fruit, cereal, and bread each day. For variety, serve an egg, French toast, or bacon even to the light eater.

Philadelphia Has Warmest Jan. 26

Philadelphia, Jan. 27 (AP)—A "heat wave" which hit the city yesterday pushed the mercury up to 66 degrees at 3:15 p. m. and shattered all records for the date in the 73-year history of the Philadelphia weather bureau.

The previous high mark was established in 1916 when the mercury reached 64 degrees. From 6 a. m. yesterday morning the thermometer rose 32 degrees until the record was established.

Press For Action On Soldier Vote

Washington, Jan. 27 (AP)—Administration Senators, faced with a possible week-end delay if they don't get some quick action, tried today to hurry a vote on their second attempt to pass a uniform Federal absentee balloting plan for the armed forces.

At least 15 members probably will leave the capitol after today's session—some of them to attend the Indiana funeral of Senator Van Nuys (D-Ind.) and others as official visitors to the New York launching of the battleship Missouri. With that number gone failure to get a vote today probably would delay final action until next week.

Buoyed by a blunt-worded Presidential message and by the support of some of the southern Democrats who helped beat the first Federal ballot plan, Administration backers were confident they have the

This Old Treatment Often Brings Happy Relief

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with stinging and burning sometimes shows there is something wrong with your kidneys or bladder. Don't wait! FLIGHT from LOVE

CHAPTER 5

Julie felt her spirits lift in the enchantment of the new surroundings as the sleek, black sedan nosed into the steady stream of traffic on Wilshire Boulevard. The car swerved out of the line suddenly and passed between the towering columns that mark the entrance to the Ambassador Hotel.

"I'll send my driver for you at twelve," Marek said smilingly. "Give this card to the girl at the reception desk and she'll pass you to my office."

Julie had meant to suggest waiting a day or so before going out to the studio but before she found words the door of the car had closed and the car was gone. She smiled after it a little hastily. Since their first dinner on the train, the man had simply taken over the running of her life. She registered at the desk and found there was no mail for her before she was whisked up in the elevator and taken to a pleasant corner room.

In the momentary excitement Julie found herself humming a tune as the cool water splashed over her body in the shower. She was closer to happiness than she had been since that dreadful night at home. She dressed slowly, carefully. As she surveyed herself in the full length mirror she smiled.

Marek's car was waiting at the hotel entrance as she came out of the soft light of the hotel into the brightness of the noonday sun. The driver touched his cap as he swung open the door. The car joined the endless flow of traffic again on Wilshire. Julie saw the chauffeur signal as they turned north on the road to the valley. The giant, box-like buildings of Royal Pictures loomed ahead and Julie felt a thrill like a fresh breeze waft through her.

The blonde girl at the reception desk smiled as she glanced at the card Julie handed her. She spoke briefly on the inner-office telephone and summoned a page boy.

"Take Miss Brampton to Mr. Dorris' office," she said crisply. Julie caught her breath as the door swung open and she faced the group of men assembled around Marek's desk. He got up and came part way across the spacious office to meet her.

"Don't let these fellows scare you," he said lightly. "They're really quite harmless."

He made the introductions briefly as he dragged up a chair and nodded to Julie to join the circle.

"I consider Miss Brampton a great find," he was saying. "My idea is to make her a top ranking star in 1944."

Max Burnette, the director, left his chair and was pacing in a neat circle around Julie muttering a disconnected flow of chatter with every step.

"Her profile is excellent—right side best—" He stopped dead in his tracks in front of her. "Full face splendid—"

Chick Matson, the picture business' genius of publicity ground out one cigarette and lit another. "She's the perfect college type. Turns to the arts for art's sake. Best build-up there is."

Julie was dazzled by the close scrutiny, the rapid fire of conversation. Her heart was pounding and her mouth felt dry.

"This is all very flattering," she said with difficulty, "but after all, gentlemen, I'm not an actress. It isn't really fair to you—"

"Actresses are made, my dear,"

Marek said quietly. "All women are actresses from birth. Under the tutelage of experts they learn how to use the ability they already possess."

"Carmen Danzig didn't know anything about acting than you do a year ago," Chick Matson cut in. "Now she's a top star."

Marek could see Julie was getting nervous. He caught the tenseness in her face.

"That will be all for today, gentlemen," he said abruptly. "Miss Brampton hasn't had any lunch yet and I know she must be starved."

Julie let out a small sigh of relief. Marek came around from his desk and laid a hand lightly on her shoulder.

"I know this is all confusing at first but a month from now you'll be taking it in your stride."

The studio cafe was crowded as the headwaiter led them to a corner table. Julie's eyes were wide as she looked around at the strange assortment of actors in costume and make-up. There were soldiers in the uniform of the French Foreign Legion, beautiful women in Spanish dress that looked like they had just stepped off a street in Madrid, monks in their long, flowing habits.

"It's like a cross section of the whole world and all the people in it—" Julie said.

"That's the fascination of it," Marek said softly. "You'll learn to love it. Even your present unhappiness will be lost in this mad confusion."

"My present unhappiness?" Julie said slowly. "You know then—?"

"I know it was a soldier, a flyer I believe."

"But, but how?"

"Very simple my dear Dr. Watson," Marek said evenly. "In this game you learn to be observing. That night on the train, at dinner a young flyer sat across from us. I watched your face—it was easy."

Julie fought back a sudden impulse to cry. Marek went on: "I know how you feel. Like it's the end of the world. But it isn't. You'll get interested in your work and time will take care of the rest."

"I still can't feel that I'm being fair to you," Julie said stiffly. "I'm just a small town girl—not at all glamorous like you think."

"Glamour will come with experience. Fate sometimes gives us a break. This is yours. You're going through a period of emotional stress. The best time in your life to start an acting career. It gives depth and feeling to the part you are portraying. You can't back fate. Nobody can. You better accept this as the thing you have been waiting for."

Julie felt weak and helpless before the staunch determination of this man. She smiled a faint, wistful smile.

"So I'm going to have a career—and like it?"

"That's not all—but I'll save the rest for another time," Marek said seriously.

Ship Workers To Appeal To WLB

Philadelphia, Jan. 27 (AP)—The International Union of Marine and Shipbuilding Workers (CIO) today prepared to appeal to the full war labor board a financial penalty imposed on some 17,000 employees of the Cramp Shipbuilding company

92 Veterans Given Jobs By WMC Office

Philadelphia, Jan. 27 (AP)—Ninety-two discharged service men, some still in their uniforms, were ready to take their place on the home front in jobs furnished by the War Manpower Commission's veteran employment section office.

The veterans were interviewed by the veteran employment office yesterday and in the first hour 38 had been placed in civilian jobs. In all 109 men were interviewed and of this number 17 were referred to other agencies because of special qualifications, need of financial assistance or need of occupational training.

Frank L. McNamee, regional WMC director, said the office has a pool of 25,000 prospective jobs in the Philadelphia area for returning veterans and that 60 a day will be interviewed.

WAR BONDS will buy a stake in your country's future.

The commission ruled that any wage increases which may be approved under the new contract between the company and local 42 of the union will be retroactive only to last July 23. It was the first action of its kind against any union for violation of the wartime no strike pledge.

The tentative contract now pending before the WLB provided that increases, if any, be retroactive to June 23, the date on which the old contract expired.

Worry of FALSE TEETH Slipping or Irritating

Don't be embarrassed by loose false teeth slipping, dropping or wobbling when you eat, talk or laugh. Just sprinkle a little FASTEETH on your plates. This pleasant powder gives a remarkable sense of added comfort and security by holding plates more firmly. No gummy, gooey, pasty taste or feeling. It's alkaline (non-acid).
